(911 caller [REDACTED] on scene for incident)

NARRATIVES

IR# None

Charges:

Charges of Felony Murder, Burglary and Aggravated Battery to Police Officer are being sought

Summary:

Officers responded to a call of a burglary in progress, in which the caller stated that the offenders where still inside. The establishment is a retail store specializing in automotive accessories, specifically electronics. Upon arrival officers secured the perimeter. Officers observed a window whose grating had been broken and bent back from the frame, allowing access to the building. Several officers observed persons inside through the front (Western Ave) window of the store, going to and from the auto. The caller, [redacted] and shortly after officers arrived he got their attention [redacted] informing them that the offenders were still there. [redacted]

[redacted] two persons in the establishment near the vehicle, engaged in behavior that he described as looking or searching for something. [redacted] the lights on the vehicle turn on. [redacted] the police, and they told him to show them his hands, he complied and [redacted] the offenders were inside, pointing out a locked door leading from the vestibule to the retail establishment. Officers repeatedly announced their office and told the offenders to come out, to no avail.

Several officers attempted to gain entry through the door in the vestibule, kicking out the lower portion of the door, but were unable to open the door fully (barred by a 2x4). One officer looked through the hole in the door and saw that the offenders were preparing to reverse the vehicle through the overhead (garage-style) door. He shouted a warning to the other officers as the offenders drove in reverse through the door and gate, striking officer PAPAN and causing other officers to dart out of the way of the vehicle, and then striking and pushing back a parked auto. Officers observed the driver putting the vehicle into drive (observed in drive after the incident), and the vehicle can be seen on video to move forward a short distance before stopping, lodged against another vehicle. Upon the vehicle driving through the overhead door and striking of P.O. PAPAN officers fearing for their safety and the safety of their fellow officers opened fire. Officers, observing the offender attempting to drive towards them, continued to fire until the offender came to a complete stop and was apparently unable to make further movement towards the officers or had discontinued same, at which point all officers ceased fire.

Officers then requested EMS for the occupants, all of whom had suffered multiple gunshot wounds. STRONG succumbed to his wounds at the scene and was pronounced at 0538 hours by medical examiners personnel. The other offenders were taken to area hospitals by CFD for multiple gunshot wounds and are currently in custody.

GIVENS (driver) was taken to Mt. Sinai Hospital. He was mirandized and interviewed by Det. GRAVES at 0403 hours and at that time stated "I fucked up. I made wrong decisions in life. I apologize, I did not want your officers to do no shooting." He subsequently would refuse to talk, stating that he didn't "want to say nothing that's going to hurt [him]." He was suffering from six wounds as the result of GSWs, specifically two to the left wrist, one to the right thigh, one to the right shin, one to the left chest, and one to the right neck.

DUDLEY (passenger, console area) was taken to Stroger Hospital. He was mirandized and interviewed by Det. GARY at 0429 hours. When asked how he got shot he stated that he didn't know. DUDLEY then asked Det. GARY whether he was going to be arrested. Det. GARY asked him what he would be arrested for and he stated "I don't know." He also answered "I don't know" to questions regarding his position in the vehicle and who or if he was with anyone when it happened. He was subsequently asked again about the shooting and DUDLEY stated that he was in a van, behind the driver. DUDLEY suffered multiple GSWs including two (probable thru and thru) to the forehead (brain injury w bone fragments in brain / subdural hematoma, through the skull), two to the left shoulder, and two to the back.

A review of surveillance footage from the business revealed that the offenders arrived in a green van at approximately 0213 hours. The van was parked on scene and was discovered to have been stolen from within two blocks of the incident. The footage also showed offenders inside the business, burglarizing same. It also showed the actual aggravated battery to police and accompanying shooting incident, and was consistent with statements given by the involved officers. Footage recovered by CPD Technical Service Lab.

A Non-Criminal Found Property (HV264651) report was generated following a CFD paramedic finding a spent bullet in the back of Ambulance #34, and that same had stated that he had previously transported one of the persons shot in a police-involved shooting.

This investigation continues.

This is the report of Detective John BENIGNO #20673.
