## FINDINGS - RECOMMENDATIONS

Based on the observations of Officers A and B; the statement made by the injured female; the signed complaint; Civilian 1 account of witnessing her mother Subject 1 "choke" a female; and Subject 1's own admission to committing a simple battery by scratching a female's neck, there is no evidence to support Subject 1's allegation that she was arrested for simple battery without probable cause. Therefore; it is COPA's finding that Officers A and B are **EXONERATED** from Subject 1's allegations.
