Message from the Chief Administrator

I want to first begin this 3rd quarter report by communicating how much I consider it a privilege to have the opportunity to lead COPA at this very important moment for police reform, specifically here in the city of Chicago. I am honored to serve the city of Chicago and its residents; civilian and sworn.

As an agency of civilians charged with receiving complaints and investigating allegations of police misconduct, we view civilian oversight as a critical and important component of the broader police accountability system. Civilian oversight has the ability to usher in necessary reforms and serve as an instrument to advance the culture of policing. Perhaps most importantly, civilian oversight also gives a voice to impacted communities, builds trust in our systems of government, and further extends COPA as a bridge to our external stakeholders, advocates, and activists, as well as the Cook County State's Attorney's Office, Cook County Public Defender's Office, Federal Bureau of Investigations, US Attorney's Office, and the Chicago Police Department, who are all connected to this work.

I have communicated to COPA's staff and publicly in numerous settings, that since COPA launched 4 years ago, there are certainly challenges we have undeniably faced. However, the gains in our investigative processes and outcomes, transparency, and community engagement, have positioned COPA and Chicago to be the city that the nation looks to as it relates to true civilian oversight.

We continue to be excited about the emergence of our Policy Research and Analysis Division (PRAD) which has completed and delivered to the Chicago Police Department a correspondence, advisory letter or pattern and practice investigation related to search warrants, SWAT record retention practices, body worn camera non-compliance, and feedback on its use of force training curriculum.

At COPA, we have some of the most talented and dedicated staff who understand the great responsibility that has been given to us. The responsibility to investigate allegations of excessive force, 4th amendment violations, verbal abuse, coercion, domestic violence, and sexual misconduct, as well to investigate all officer involved shootings and deaths. COPA will continue to meet this mandate and it is the reason we welcome the residents of Chicago, City Council, and others to hold us accountable.

Continuity and forward progress can be expected of us as we plow into the future. As the Interim Chief Administrator, my goal is to ensure that COPA delivers to the residents of Chicago, civilian oversight that can be trusted to conduct fair and thorough investigations built on our core values of integrity, transparency, independence, and timeliness.

While we have solidified ourselves as an agency that can conduct thorough investigation able to withstand scrutiny, a criticism noted in past Department of Justice and Police Accountability Task Force reports, we are also excited to expand on our methodology in 2022 to include trauma informed interview practices that will take into consideration the emotional and psychological experiences of complainants and officers. Additionally, now is the time, after four years in operation, that we address the issue of timeliness that has recently become a criticism.

By implementing the new Video Release and Transparency Unit, COPA and the City of Chicago will be positioned to deliver on its obligations well in advance of the current mandated 60-day requirement of the City of Chicago's Video Release Policy, adequately manage requests for materials under Mayor Lightfoot's Executive Order 2021-1, and fulfill COPA's FOIA requests. This initiative, once implemented and fully staffed following budget approval, will no longer require investigators, legal and FOIA staff to shift priorities away from open investigations to fulfill transparency tasks. This will move COPA forward in significant ways and impact our legacy of timeliness in a positive way.

As an agency will continue look for opportunities to improve, build relationships with the residents and deliver to the City of Chicago the civilian oversight it deserves.

Sincerely,

Andrea Kersten

Interim Chief Administrator

VISION

To be the leader in police accountability by conducting thorough investigations, to advance the culture of policing and build trust in civilian oversight.

MISSION

- **Provide a just and efficient means to fairly and timely conduct investigations within our jurisdiction**
- **Determine whether allegations of police misconduct are well-founded**
- **Identify and address patterns of police misconduct**
- **Make policy recommendations to improve the Chicago Police Department, thereby reducing incidents of police misconduct**

VALUES

INTEGRITY

COPA employees are committed to pursuit of excellence and hold themselves personally accountable for the quality and fairness of their work. Collectively, the COPA organization has been designed to deliver neutral and fair police misconduct investigation.

TRANSPARENCY

COPA is committed to sharing information about its work to the utmost extent possible while preserving the integrity of the investigative process.

INDEPENDENCE

As individuals and collectively, COPA employees carry out their responsibilities without regard for external influences or political consequences.

TIMELINESS

COPA understands that time is of the essence in all matters. Complainants and officers alike want COPA investigations to be conducted as expediently as possible. COPA strives to conduct investigations that are both thorough and timely.

Introduction

The Civilian Office of Police Accountability (COPA) is responsible for receiving all complaints of police misconduct involving the Chicago Police Department (Department) and its members, and investigating complaints involving excessive force, domestic violence, coercion, verbal abuse, unlawful search or seizure, and unlawful denial of counsel. COPA also receives notifications of and investigates certain types of incidents including all officer-involved firearm discharges, all officer-involved deaths, custodial deaths, Taser discharges resulting in serious injury or death, and any incident involving an officer that results in serious bodily injury or death.

COPA is pleased to provide quarterly and annual report updates on its performance. This report provides information concerning operations and summary statistical data on investigative work from July 1, 2021 through September 30, 2021. To learn more, please visit www.chicagocopa.org.

Operational Updates

CHIEF ADMINISTRATOR SEARCH

COPA launched a nationwide search and community-driven process to identify candidates to fulfill the role of Chief Administrator for the agency; a position vacated with the resignation of Chief Sydney Roberts in May of this year. COPA in collaboration with the Mayor's Office and the Center for Conflict Resolution, hosted a series of engagement sessions throughout the city to hear from residents, build a leadership profile, and recommend priorities that can better inform the selection committee in identifying candidates for the role of Chief Administrator.

Throughout the engagement process, a seven-person committee made up of a cross-section of leaders, stakeholders, and residents began a nationwide search for well-qualified candidates. This committee will review all applications, conduct interviews, and submit up to three qualified candidates to the Mayor who will make the official selection of the next Chief Administrator. The Mayor's nominee will require City Council confirmation.

2022 BUDGET HEARINGS

On September 30, 2021 COPA presented its proposed 2022 budget before the City Council. Proposed operational changes include the establishment of a Video Release and Transparency Unit that will position COPA and the City of Chicago to deliver on its obligations well in advance of the current mandated 60-day requirement of the City's Video Release Policy. The unit will also adequately manage requests for materials under Mayoral Executive Order 2021-1 and fulfill COPA's Freedom of Information Act requests. COPA also plans to utilize its Policy, Research and Analysis Division (PRAD) to make policy and other reform recommendations to the Department, as informed by COPA's investigative outcomes and data.

COPA Staff Presenting its 2022 Budget Before City Council

COMMUNITY ENGAGEMENT

COPA's commitment to community engagement continues to be at the forefront of the agency. By fostering collaborative relationships with community stakeholders and local leaders, our aim is to repair broken bonds between members of law enforcement and the community. COPA's Public Affairs Division continues to expand its work, recently hiring an additional Case Liaison, who is charged with updating complainants on the status of their case as well as outreach during officer-involved shootings or other incidents of high public interest.

Members of COPA Staff Volunteering at the Greater Chicago Food Depository

This quarter, COPA participated in a variety of community meetings and youth events. As a city agency we are proud of the partnership established with My Chi. My Future., a youth-focused initiative designed to connect youth across Chicago to meaningful out-of-school experiences. We remain an active participant in several brainstorming meetings surrounding My Chi. My Future., discussing how COPA can provide resources and opportunities to residents.

Additionally, COPA participated in a series of public forums regarding the 2022 City budget. The forums, hosted by the Office of Budget and Management, invited residents of Chicago to discuss their budget priorities and meet with various city departments.

In August, COPA began establishing a relationship with Ex-Cons for Community and Social Change (ECCSC) - a community organization made up of ex-cons who are committed to playing a role in the rebuilding of their communities. What initially started as the group attempting to file a complaint of misconduct evolved into an important discussion regarding COPA, our role as an independent investigative agency, and opportunities to work with groups like ECCSC to make Chicago a more fair and just city for all. Meetings such as these are one of the many avenues the Public Affairs Division works to establish, maintain, and grow relationships between the agency and the thousands of community activists who play an imperative role in the city's success and building community and police relationships.

COPA meeting with members of ECCSC

COPA is committed to being strong partners with Chicago's 50 local aldermen. We understand that these elected leaders play an important role in their communities and often serve as the eyes and ears for their wards. COPA remains in constant contact with the aldermen and has recently expanded our aldermanic outreach efforts to contain monthly reports regarding the police districts each alderman's ward contains. We are furthering this expansion to highlight some of the work by our Policy, Research and Analysis Division.

Engagement via Media Outlets

Through our mission to provide transparency and accountability, COPA's Public Affairs team works to provide members of the media with reliable and accurate information surrounding high-profile cases and incidents. We strive to release information directly to our media partners as expeditiously as possible as well as on our website and social media accounts. This past quarter, COPA released 9 press releases. Excerpts from several of these releases include:

- ### **COPA Provides Update of Incident Captured on Video Involving CPD Officer and Woman Walking Her Dog**

... Today the Civilian Office of Police Accountability (COPA) recommended the Superintendent of the Chicago Police Department relieve the officer, captured in a widely circulated video on social media at a Chicago beach, of his police powers or place him on administrative duties during the pendency of its investigation.

COPA has obtained and reviewed the body-worn camera video of the involved Chicago Police officer engaging the woman as she walks her dog as a part of its investigation. COPA Investigators also canvassed the scene of the incident which occurred Saturday morning, August 28, 2021, and identified several additional video cameras in the area that may have captured the incident. Requests to obtain those videos are pending.

“We are committed to a fair, timely, and objective investigation to determine if the actions of the involved officer are in accordance with Department Policy and Training,” said COPA Interim Chief Andrea Kersten. “We have a responsibility to investigate allegations of police misconduct and determine if they are well-founded based on the facts and evidence of each case. If violations did occur, COPA will hold the officer accountable.”...

- **COPA Releases Video & Other Materials of Fatal Officer-Involved Shooting in Calumet City**

... Today, the Civilian Office of Police Accountability (COPA) released video and other materials of the officer-involved shooting that took place on July 27, 2021, near 1600 Sibley Boulevard in Calumet City, Illinois.

At approximately 3:15 pm, the U.S. Marshals Service Great Lakes Regional Task Force began serving an arrest warrant for Losardo Lucas, wanted on charges stemming from a homicide in Chicago. As officers approached, Mr. Lucas reached for a firearm, at which point members of the Task Force officers opened fire, fatally striking Mr. Lucas.

The multi-jurisdictional task force included a member of the Chicago Police Department’s Fugitive Apprehension Unit. Due to the involvement of a CPD officer, COPA initiated an investigation into the officer’s use of force...”

- **COPA Provides Update on Fatal Officer Involved Shooting Near 100 S. Kilpatrick**

... Today, the Civilian Office of Police Accountability (COPA) was notified of an officer involved shooting near 100 S. Kilpatrick. COPA investigators immediately responded to the scene of the incident to begin its investigation into the use of deadly force by involved Chicago Police Officers.

COPA Investigators immediately began canvassing the scene, speaking to witnesses, and gathering evidence as well as reports related to the investigation.

COPA can confirm, as a part of its commitment to transparency, that Chicago Police Department Officers activated body worn cameras during the incident. Video and other materials will be released in accordance with the City of Chicago’s Video Release Policy within 60-days and posted to our website at ChicagoCOPA.org....

Engagement via Social Media

COPA continues to expand its social media abilities, with several members of the Public Affairs team monitoring various feeds daily for important information regarding ongoing or potential cases of misconduct. In addition to monitoring social media for pertinent information, it is also an important avenue of communications between COPA, residents of Chicago and beyond, and our news partners.

POLICY, RESEARCH AND ANALYSIS DIVISION

The Policy, Research and Analysis Division (PRAD), tasked with advancing our vision statement, fulfilling our mission, and supporting COPA's consent decree compliance. While COPA works to finetune and enhance internal policies, it is also tasked with strengthening and augmenting Department policies, training, and practices.

Consent Decree

Meeting COPA's Consent Decree benchmarks is of the utmost priority for the agency and COPA leadership continues its work to meet its mandated benchmarks. In the most recent Independent Monitor Team's (IMT) report, COPA saw a five-fold increase in its compliance requirements over previous reporting periods.

Additionally, the Office of the Attorney General (OAG) has noted COPA's substantial progress towards compliance made during this period, putting that figure at approximately 72% compliance. The OAG also noted the "thoughtful review and input" of COPA's Community Working Group and the meaningful incorporation of the Working Group's feedback.

Body Worn Camera Non-Compliance

In July, PRAD issued a report on the Department's non-compliance with Body-Worn Camera (BWC) Regulations. After an extensive review of the historical significance of BWCs, policies that surround them, COPA & Department data pertaining to their usage, Department training, and advancements in technology, COPA issued seven recommendations aimed at improving BWC compliance by Department members. COPA issued these recommendations to the Department who has issued detailed responses to all seven of the recommendations. Materials related to this report can be found on COPA's website.

U.S. Customs & Border Protection

Earlier this quarter, COPA met with representatives from the Office of Professional Standards for U.S. Customs and Border Protection. During these meetings, COPA shared its expertise regarding the following areas:

- Major incident response, including those involving vehicle pursuits, and external agency coordination efforts
- Community engagement approach and strategy
- COPA's intake processes and interaction with the Department
- Public video releases

COPA's role as a leader in public accountability and transparency often results in the agency assisting external agencies who conduct similar work in building out programs and policies. As accountability continues to expand upwards from the local level to many of the federal law enforcement agencies, COPA looks forward to continuing to assist in growing the network of accountability agencies.

TRAINING & PROFESSIONAL DEVELOPMENT

Continuing Education and Training

COPA remains committed to ensuring a properly equipped and well-trained workforce. As part of this commitment, COPA's Training and Professional Development Division regularly offers training opportunities for employees. While some of these trainings are mandated by the Consent Decree, many are part of our standard training curriculum and are designed to train and re-train COPA employees on important protocols and policies.

COPA Internship

The Training and Professional Development Division is excited to re-launch its internship program, and interns will begin during the Spring semester of 2022. COPA will be offering internship opportunities that focus on the fields of law, investigations, and policy & research. COPA is currently in the process of filling the openings with qualified candidates.

Investigative Data

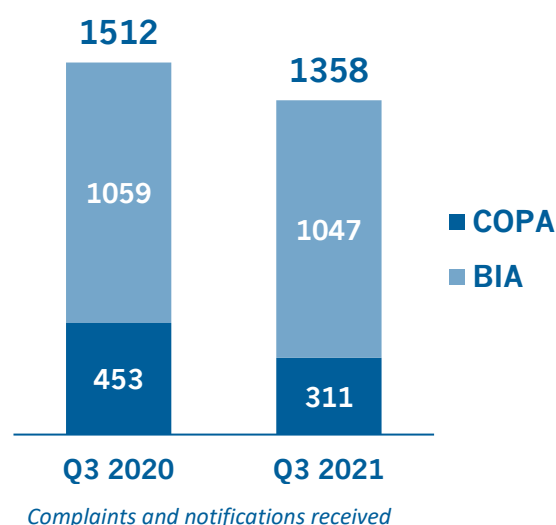

METHODOLOGY

To fulfill the requirements of COPA's enabling ordinance (MCC 2-78-150), the agency queried relevant databases in which complaint and operational data is recorded to retrieve the information analyzed for this report covering the period from July 1, 2021 through September 30, 2021. The data contained in this report represents the most accurate information available at the time of publication. Moreover, the information stored in the database is dynamic and can change as an investigation progresses. For example, an allegation category may change as an investigation uncovers additional evidence, or a case previously concluded may be reopened. Thus, the numbers reported here are subject to future revision, and historical comparative data presented may vary slightly from previous reports. Data herein is presented in an order similar to COPA's investigative process: intake, pending investigations and concluded investigations.

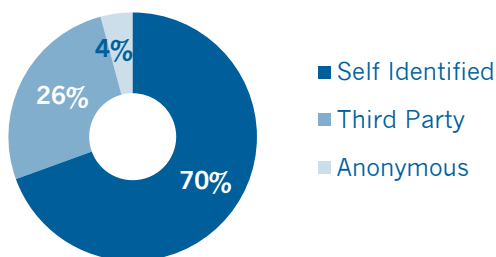

INTAKE

It is important to note that COPA can only report on the complaints and notifications it receives—it cannot account for individuals who have, or believed they have, experienced Department member misconduct, but have not filed a complaint or the conduct did not generate a notification to COPA. Therefore, with respect to COPA's intake, all numbers represent the number of reported complaints and notifications of actual or perceived misconduct. COPA's intake process documents the number of complaints received but there may be multiple allegations of misconduct, potentially involving multiple Department members, contained in a single complaint.

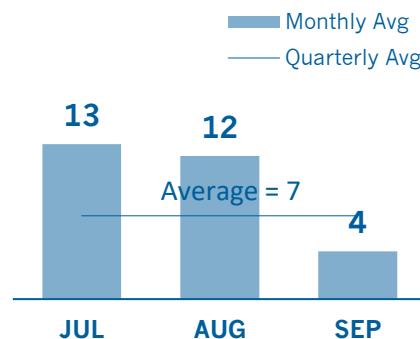

During the third quarter of 2021, COPA received 1358 complaints and notifications. This is a 10% decrease compared to Q3 2020. Of the total intake in this quarter, 1047 fell outside of COPA's investigative jurisdiction and were referred to the Department's Bureau of Internal Affairs (BIA). The complaints referred to BIA included allegations of criminal conduct, operational violations not involving civilian contact, or other complaints not otherwise within the jurisdiction of COPA. At the end of this quarter, COPA retained 311 complaints and notifications for investigation.

In this quarter, more than two-thirds of complaints under COPA jurisdiction were reported by a self-identified complainant (216), a third were reported by a third party (82), and the rest are anonymous (13). Moreover, the average time from receipt of complaint to the next or initial contact with the complainant or representative is 7 days.

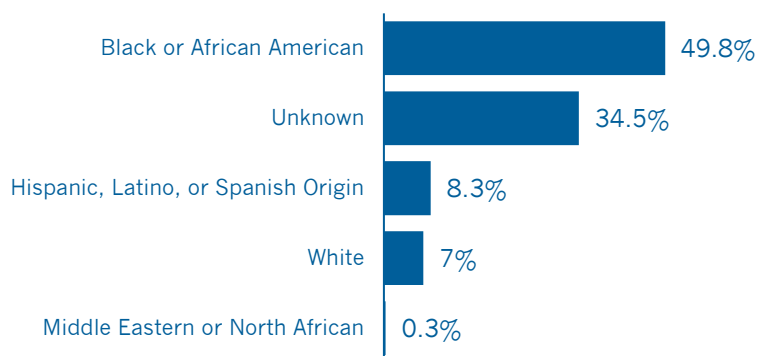

Complainant type (Q3 2021)

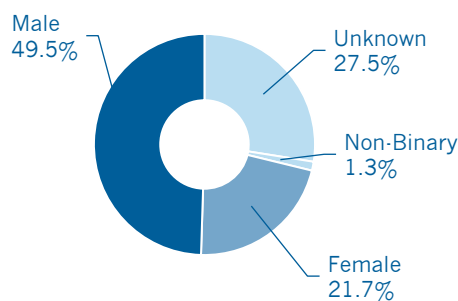

Average days to the next or initial contact (Q3 2021)

Complainant Demographic Information

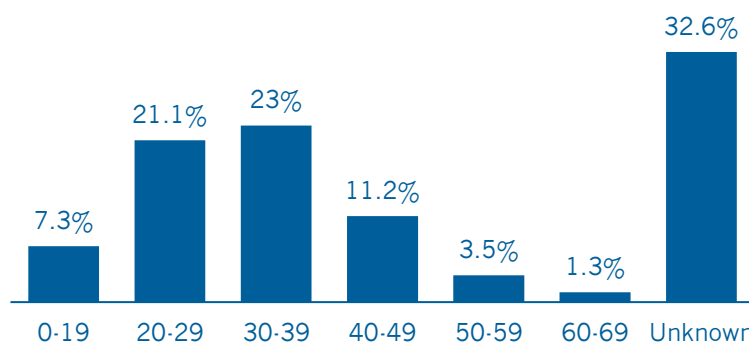

The following figures are based on demographic information provided by self-identified complainants or subjects of police-involved incidents in which COPA is notified by the Department. In this past quarter, almost half of the complainants were male (49.5%). Majority were Black or African American (49.8%). Moreover, most of the complainants or subjects were between the ages of 20 and 39 years old (43.1%).

Race or ethnicity of complainants or subjects (Q3 2021)

Gender of complainants or subjects (Q3 2021)

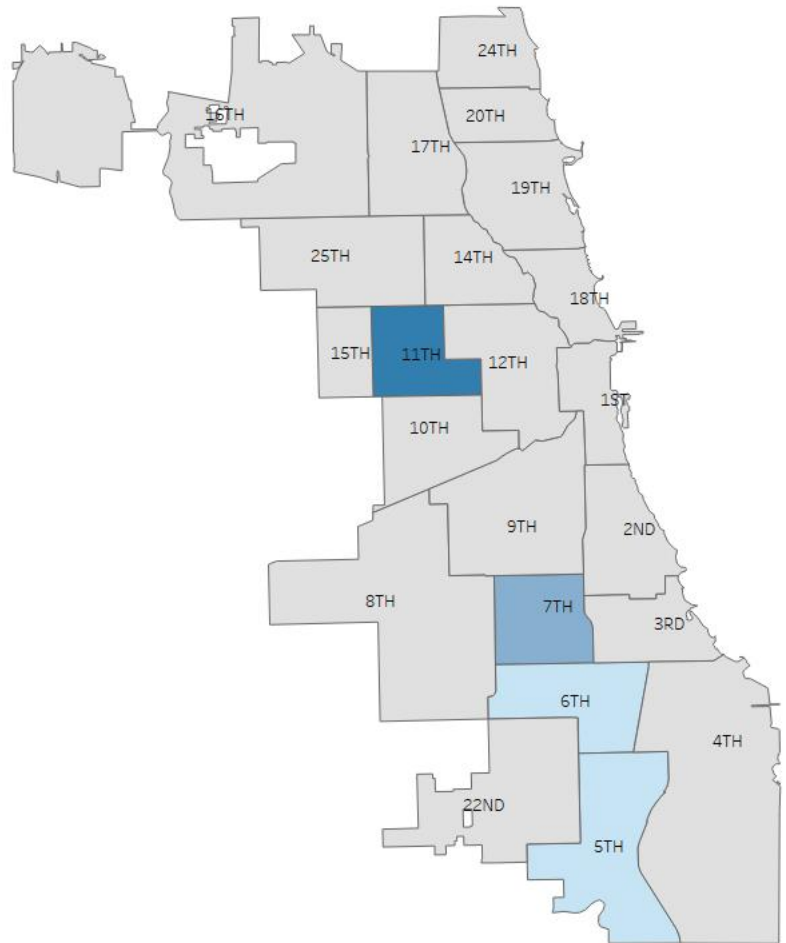

Age distribution of complainants or subjects (Q3 2021)

Location of Incidents by District

During Q3 2021, Districts 11 (Harrison), 7 (Englewood), 6 (Gresham), and 5 (Calumet) were among Districts with the highest number of incidents that resulted in complaints and notifications under COPA's jurisdiction. The table and map below display the geographic distribution of intake under COPA's jurisdiction.

Police District	Q3 2020	Q3 2021
1st - Central	56	11
2nd - Wentworth	10	12

INTENTIONALLY LEFT BLANK

Allegations by Category

A single complaint may contain multiple allegations against one or more Department members. In this past quarter, COPA recorded 500 allegations against Department members, a 32% decrease over Q3 2020. The most common allegations involving Fourth Amendment violations (i.e., improper search or seizure of either individuals or property), making up 37% of all allegations, followed by excessive force, making up 24% of all allegations. These categories have consistently constituted COPA's largest percentage of allegations on a quarterly basis.

Allegation Type	Q3 2020	Q3 2021
Abuse of Authority	8	6

Allegations recorded under COPA jurisdiction by Police District (Q3 2021)

Affidavits

Pursuant to applicable collective bargaining agreements entered into by the City of Chicago and the police unions representing sworn Department members prior to July 1, 2021, in order for COPA to proceed with a full investigations of a sworn Department member, a sworn Affidavit must be signed by the complainant in support of an allegation of misconduct against a Department member.³ In signing the Affidavit, the complainant is stating under oath or affirmation that the allegation made is true and correct.

COPA attempts to secure an Affidavit from the person filing a complaint by seeking to meet or make contact with the complainant in-person, by phone, mail, social media and email. If COPA is unable to locate the

² Operational Violations include non-compliance with BWC regulations, failure to complete Departmental reports, failure to provide service, failure to register weapon, conduct unbecoming, neglect of duty, etc.

³ On February 22, 2021, the State of Illinois amended the Uniform Peace Officers' Disciplinary Act to allow for the filing of a complaint against a sworn Department member without a sworn Affidavit or other legal documentation. The elimination of the sworn Affidavit requirement applies to any collective bargaining agreements entered into by the City of Chicago and the police unions representing sworn Department members after July 1, 2021.

complainant, COPA may conduct a canvass of the area where the incident occurred, speak with witnesses and follow other leads. Where COPA is unable to obtain an Affidavit in support of a complaint, and independent objective evidence is found suggesting that a full investigation is warranted, COPA's Chief Administrator may request an Affidavit Override from the BIA Chief. It is crucially important to note that in many instances, the acquisition of an Affidavit Override is insufficient to mount a meaningful investigation in the absence of the complainant's cooperation. Thus, complaints lacking a sworn Affidavit must be individually evaluated to ascertain the investigative viability in the absence of complainant cooperation in determining the investigative prudence of pursuing an Affidavit Override where some indicia of independent objective evidence exist.

Where an Affidavit Override is sought, in support of such a request, the Chief Administrator will provide the BIA Chief with the evidence suggesting that the investigation should continue, which may include arrest and case reports, medical records, statements of witnesses and complainants, video and audio recordings, and photographs. If the BIA Chief concurs with the Chief Administrator that continued investigation of the allegation(s) is necessary and lawful, even without a complainant's Affidavit, the BIA Chief will execute a sworn Affidavit and COPA investigation will proceed. On the other hand, if the BIA Chief disagrees that continued investigation is warranted, COPA's investigation of the allegations is concluded. The process is similar for most complaints retained by BIA that lack a signed Affidavit.⁴

Requesting Agency	Q3 2020	Q3 2021

Request	13	15
Approval	13	14
Pending	0	1
BIA		
Request	11	22
Approval	11	20
Pending	0	2

Affidavit override requests and approvals

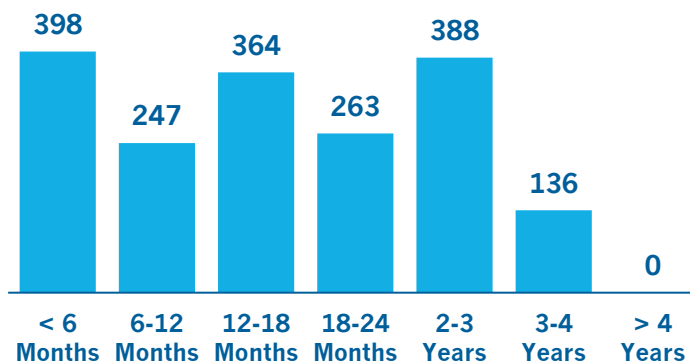

INTENTIONALLY LEFT BLANK

⁴ On September 16, 2021, the City of Chicago ratified new collective bargaining agreement terms with the Fraternal Order of Police Chicago Lodge #7 which removed the sworn Affidavit requirement. For complaints received anonymously or from a citizen complainant that does not wish to disclose his or her identity, COPA must still seek "certification" from the Chief of BIA through procedures similar to those associated with seeking an Affidavit Override. COPA is otherwise no longer obligated to secure an Affidavit in support of a complaint against sworn Department members below the rank of Sergeant.

PENDING INVESTIGATIONS

At the end of Q3 2021, COPA had 1,796 pending cases under investigation. This is an 8% decrease over Q3 2020 (1948) and a slight increase from Q2 2021 (1749 or 3%).

These 1,796 pending investigations encompass a total of 6270 allegations. Of these, 41% (2,597) concern allegation(s) of improper search or seizure (Fourth Amendment violations). Another 1123 (18%) concern allegations of excessive force. Together they make up 59% of the total allegations that remained under investigation at the end of the third quarter.

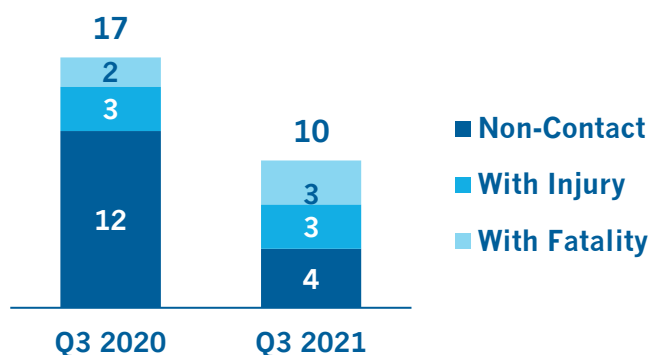

Pending cases by aging period (Q3 2021)

Allegations remained under investigations by category (Q3 2021)

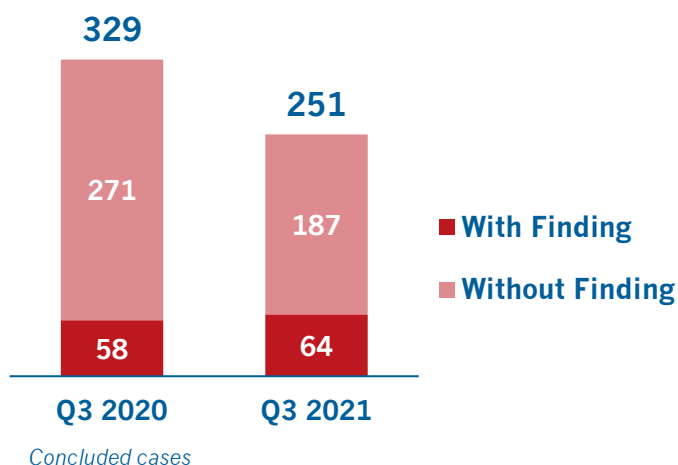

OFFICER-INVOLVED SHOOTINGS (OIS)

The figures shown in this section exclude firearm discharges related to animal shootings, accidental discharges and officer suicides. **In Q3 2021, COPA received 10 notifications of an officer-involved shooting:** 4 were non-contacts, 3 involved non-fatal injuries, and 3 involved fatalities. This is 41% decrease from Q3 2020 (17) but a 67% increase from Q2 2021 (6). **COPA concluded 3 OIS cases during the quarter.** The use of deadly force in all three cases were found to be consistent with Department policies on use of force.

CONCLUDED INVESTIGATIONS

During third quarter of 2021, **COPA concluded a total of 251 investigations**, a 24% decrease over Q3 2020 (329) and slight decrease from Q2 2021 (261 or 4%). Of these investigations, 64 were concluded with findings and 187 were concluded without findings.

Investigations Concluded with Finding

A “finding” is determined when after a fair, thorough, independent investigation, sufficient proof is obtained to warrant a determination that one of the four categories shown in the box, entitled Finding Types. As will be discussed below, several factors may contribute to an investigation concluding without reaching a finding.

COPA makes investigative findings of Sustained and Not Sustained based on the “Preponderance of Evidence” standard in which the evidence must show it is “more likely than not” that the incident did or did not occur as alleged. However, in accordance with the March 1, 2019 Consent Decree, findings of Unfounded and Exonerated must be supported by “Clear and Convincing” evidence. Clear and Convincing evidence is a higher standard than Preponderance of Evidence, but less than “Beyond a Reasonable Doubt.”

Finding Types

Sustained: The allegation was supported by sufficient evidence (“Preponderance”) to justify disciplinary action. Recommendations of disciplinary action may range from Violation Noted, to Suspension, to Separation from the Department.

Not Sustained: The allegation is not supported by sufficient evidence (“Preponderance”) to prove or disprove the allegation.

Unfounded: The allegation was not supported based on facts revealed through investigation, or the reported incident did not occur, as shown by “Clear and Convincing Evidence.”

Exonerated: The incident occurred, but the action taken by the officer was lawful and proper, as shown by “Clear and Convincing Evidence.”

During the third quarter, COPA concluded **64 cases and issued findings on 387 allegations of misconduct**. Of the total closed cases with findings, 45% were Sustained, an increase over Q3 2020 (36%), but a decrease from Q2 2021 (59%). Of the total allegations with findings, 152 or 39% were Sustained, an increase over Q3 2020 (20%), but a decrease from Q2 2021 (49%).

Case Finding	Q3 2020	Q3 2021
Sustained	21	29
Not Sustained	12	8
Unfounded	7	11
Exonerated	18	16
Total	58	64

Overall case finding

Allegation Finding	Q3 2020	Q3 2021
Sustained	61	152
Not Sustained	63	116
Unfounded	55	73
Exonerated	125	46
Total	304	387

Allegation finding

The table below depicts the outcome of misconduct investigations during the third quarter of 2021 broken down by allegation type and finding.

Allegation Type	Sustained	Not Sustained	Unfounded	Exonerated
Abuse of Authority	3	2		
Coercion				1
Court Violation	1			
Domestic Violence	15	15		
Excessive Force	12	24	11	13
Firearm Discharge-Accidental	2

Verbal Abuse	21	5		3
Total	152	116	73	46

Allegations on closed cases by finding and type (Q3 2021)

Recommended Discipline

At the end of an investigation in which COPA sustains one or more allegations, the agency recommends discipline of the accused member to the Department. However, it is ultimately up to the Department and/or the Chicago Police Board to come to a final decision regarding discipline. As compared to Q3 2020, COPA recommended more disciplinary charges on sustained allegations during the third quarter of this year. Similarly, COPA recommended more Department members for separation this quarter than in Q3 2020.

Recommendation	Q3 2020	Q3 2021
Non-Disciplinary Outcome	14	7
Disciplinary Charges	47	145
Total	61	152

Number of sustained allegations

Recommended Discipline	Q3 2020	Q3 2021
Violation Noted ⁶	14	5
Reprimand	12	9
1-29 Days Suspension	10	23
30 Days or More Suspension	5	19
Separation	3	5
Total	44	61

Number of Department members recommended for discipline

⁵ Operational Violations include non-compliance with BWC regulations, failure to complete Departmental reports, failure to provide service, failure to register weapon, conduct unbecoming, neglect of duty, etc.

⁶ Though a violation of Departmental policy is found to have occurred, no disciplinary action is taken. COPA may only recommend this outcome where the misconduct was the result of an unintentional, but not reckless, violation of policy or law.

Investigations Concluded Without Finding

In the past quarter, **COPA concluded 187 cases without findings**. COPA undertakes a vigorous preliminary investigation of every new complaint within COPA jurisdiction to determine the substance of a complaint, investigative viability, and sufficiency of available evidence. After thorough review, there may be circumstances where closing an investigation without reaching one of the above finding types is the most appropriate, reasonable or only available conclusion.

No Finding Closures

Duplicative Information: Complaints addressing matters already received and related to existing cases.

Non-Complaint Information: Information provided to COPA that does not allege misconduct or otherwise does not involve members of the Chicago Police Department.

Declination to Cooperate or Inability to Follow-up: Though COPA has made a good faith effort to obtain cooperation, the complainant has affirmatively declined or, through investigative follow-up, COPA's efforts to locate and/or contact the complainant to obtain additional information have been unsuccessful. Additionally, there exists a lack of other independent objective evidence (typically in the form of testimony from known witnesses or audio/video recordings) to proceed with an investigation without the complainant's participation.

Discontinued Investigation: Though the alleged misconduct involves a Chicago Police Department member and falls within COPA's jurisdiction, COPA's efforts to follow-up and gather evidence, which may be substantial and include complainant cooperation, reveal that insufficient evidence exists to reach an affirmative finding.

Closed with Potential to Re-Open: Though the alleged misconduct involves a Chicago Police Department member and falls within COPA's jurisdiction, the accused Department member is unavailable or unable to respond to the allegations of misconduct, there exists civil litigation addressing the allegations of misconduct, or the Department member leaves employment with the Chicago Police Department during the pendency of the investigation. COPA regularly reviews these closed cases to determine whether circumstances have changed such that the case should be considered for re-opening.

COPA may conclude an investigation without findings for various reasons, including but not limited to the following, which represent the most common reasons cited:⁷

In Q3 2021, 33% of all cases closed with no finding (62) were the result of Declination to Cooperate or Inability to Follow-up. 42% (78) were the result of Duplicative Information or Non-Complaint Information. 1% was the result of Discontinued Investigation. 17% (31) were placed in Closed with Potential to Re-Open.

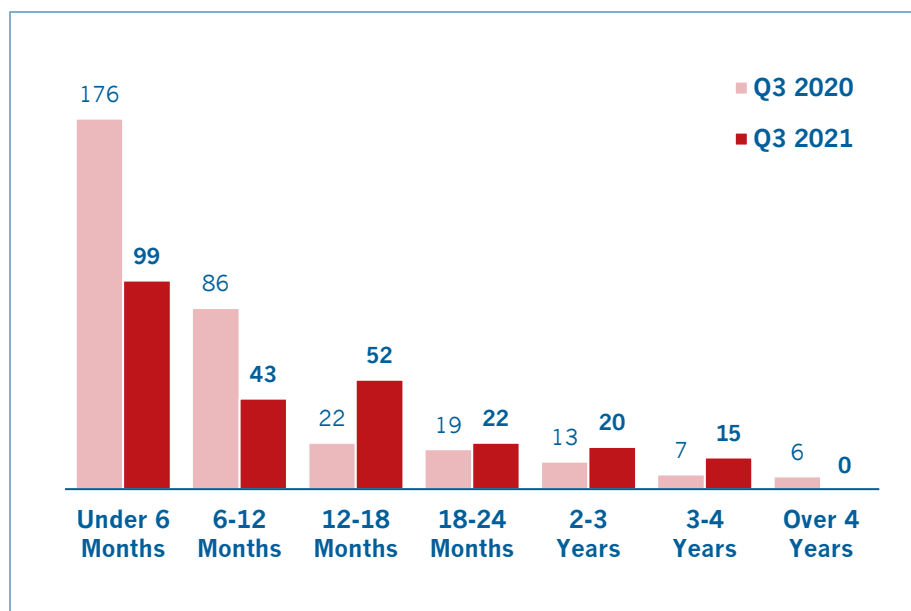

⁷ COPA's prior Quarterly and Annual reports have referenced terminology associated with closure statuses utilized in COPA's case management systems (i.e., Administrative Closure, Administrative Termination, Close Hold, No Affidavit, Within Policy, etc.) to describe reasons for no finding closure. This terminology is subject to change as COPA continues to enhance data collection and reporting efforts through its case management system. Therefore, in the interest of increased internal and external comprehension, this report does not employ the same terminology as prior reports.

COPA also closed 7% of cases without finding as a result of referral to another agency (14), as well as OIS investigations in which evidence gathered supported, by clear and convincing evidence, that the involved Department member's actions comported with Department policy regarding use of force (3).

Length of Investigation

COPA strives to conclude its investigations within six months of receiving a complaint of misconduct or a notification from the Department of a police-involved incident for investigation. Pursuant to municipal ordinance, MCC 2-78-135, when COPA is unable to conclude its investigation within six months, notice to the complainant and any Department member who is the subject of the investigation, must be provided and include the general reasons for delay. Some investigations, such as OIS incidents and incidents involving excessive force, may conclude beyond the six-month timeframe as they are, by nature, more complex, often involve multiple parties, and require an intricate analysis of collected evidence.

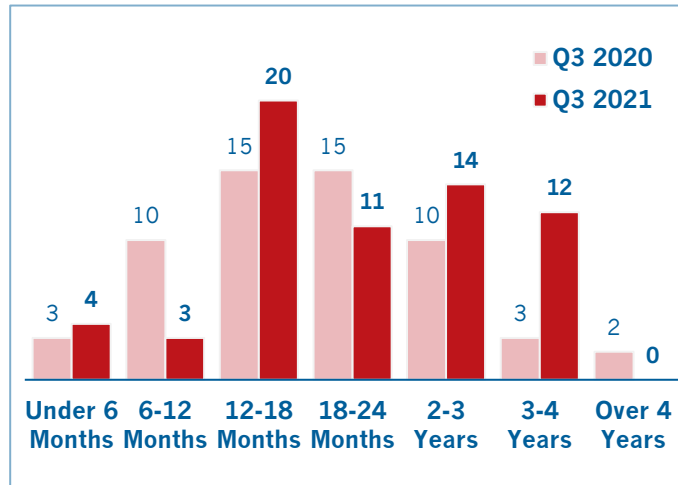

Of the 251 concluded investigations during the third quarter of 2021, **39% or 99 were completed within 6 months** and 17% or 43 were completed in 6-12 months. **Overall, 57% of closed cases were concluded in less than one year.**

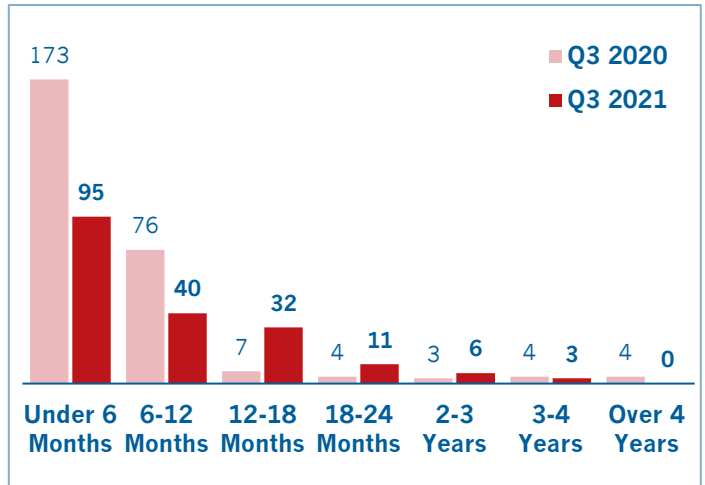

Length of investigations of closed cases

INTENTIONALLY LEFT BLANK

Of the 64 closed cases with finding in Q3 2021, **42% or 27 were completed within 18 months**. Of the 187 closed cases without finding in Q3 2021, **72% or 135 were completed within 1 year**.

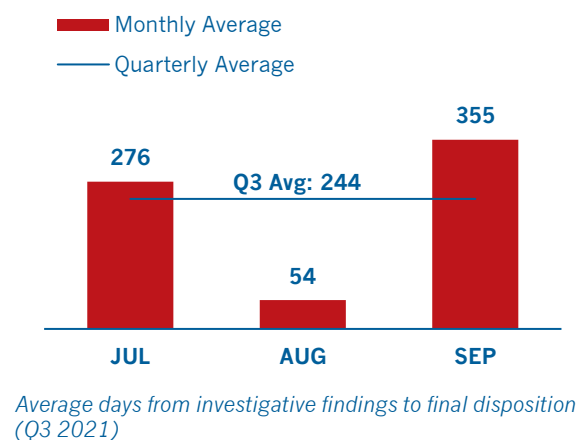

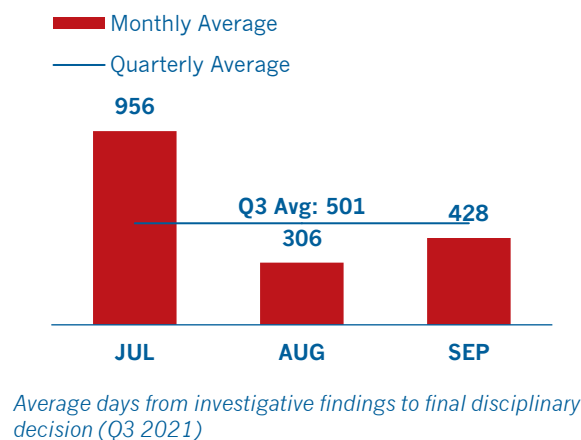

Length of investigations of closed cases with Finding

Length of investigations of closed cases without finding

Length of Post Investigation

Once COPA completes its investigation of a case and issues findings and recommended disciplines, the case may go through additional steps (i.e., Department review, Superintendent review, grievance, arbitration, and/or Police Board hearing) before it reaches a final disposition. The average time from the investigative findings and recommendations to a final disciplinary decision⁸ is 501 days during the third quarter. Additionally, the average time from the investigative findings and recommendations to a final disposition⁹ is 244 days.

⁸ The final decision of the Superintendent or his or her designee regarding whether to issue or recommend discipline after review and consideration of the investigative findings and recommendations, including after any additional investigation conducted as a result of such review. For COPA investigations, the final disciplinary decision occurs after the conclusion of the process described in MCC 2-78-130(a).

⁹ The status of a misconduct investigation after the final disciplinary decision, and any grievance process, arbitration, Police Board proceeding, or appeal relating to the final disciplinary decision."

Demographic Information of Complainants and Accused Members in Concluded Cases

The tables below display the demographic information¹⁰ of complainants or subjects in concluded cases with finding during Q3 2021.

Gender	Total	%

60-69	2	1%
Unknown	3	2%

Additional Data Reporting

REFERRALS

COPA may partially or fully refer a matter to another agency for a variety of reasons. For example, if COPA determines in the course of a preliminary investigation that the accused officer is a member of a police department other than the Department, COPA fully refers the matter to the responsible employer. A partial referral occurs when COPA retains its administrative investigation, but shares certain information with another agency, for instance, when COPA's investigation reveals potential criminal violations. In accordance with COPA's

¹⁰ Information gathered during the course of investigation: self-reported and/or available on Departmental reports/records.

ordinance, COPA may also refer complaints to the City of Chicago Office of Inspector General. In Q3 2021, COPA referred 21 cases to other agencies.

Agency	No. of Referrals
Chicago Office of Inspector General	6
Cook County State's Attorney's Office	8
Forest Park Police Department	1
Glenview Police Department	1
Illinois State Police Department	1
Oak Forrest Police Department	1
Oak Lawn Police Department	1
Sauk Village Police Department	1
Willowbrook Police Department	1

TRANSPARENCY EFFORTS

Since the enactment of the City's Video Release Policy in 2016, COPA has released certain evidentiary materials collected during investigations of OIS incidents and of any incident resulting in death or great bodily harm occurring while in police custody or as a result of Taser discharge. Pursuant to the City's Video Release Policy, and subject to legal restrictions, COPA conducted 10 transparency postings, releasing 177 related materials as were permitted by law during Q3 2021. This included 72 videos (body-worn, third party, and in-car camera), 88 audio recordings (Office of Emergency Management & Communications and 911 calls), and 17 reports (Tactical Response, Case Incidents and Arrest Reports). The table below reflects the number of cases for which materials were released in Q3 2021, including releases that have been delayed due to an extension request made to the City or by a third party, and/or withheld because of a court order, if any. To view materials posted previously, please visit <https://www.chicagocopa.org/data-cases/case-portal/>.

COMPLAINTS PER MEMBER

Per COPA's ordinance, the agency must report on the number of **total complaints (under COPA and BIA investigations) filed against each member** in each Department district during the quarterly or annual reporting period. In the table below, the first column displays the name of each unit in which at least one member has been the subject of a complaint. The second column lists the number of members who were the subject of the number of complaints listed in the third column. So, the first line would be understood as: "Of members assigned to 1st District, 27 members each has 1 complaint and 4 members each has 2 complaints."
