Message from the Chief Administrator

As we conclude another year at COPA, I continue to be amazed and proud of the staff who show up every day to do this work. Every department within our agency has been laser-focused on cementing COPA as the leader in police oversight and accountability to increase public safety for the residents of the city of Chicago and to advance the culture of policing within the Chicago Police Department.

The accomplishments within this annual report will highlight internal and external efforts of staff at every level. The five major departments: Investigations, Communications & External Affairs, Legal, Administration and Policy Research & Analyses Division have units with specific roles and responsibilities that not only pushed our agency forward but also began to establish a better culture. I believe one of the exciting moments of the previous year, as a result of establishing a better culture, was highlighted by our attendance and participation in the National Association of Civilian Oversight of Law Enforcement (NACOLE) Conference in Fort Worth, Texas. The opportunity to share the work of police oversight in Chicago with civilian oversight agencies around the country regarding the importance of training, officer-involved shooting response, scene management and the role of communications and external affairs resulted in partnership development and additional opportunities to advise newer oversight agencies.

After celebrating five years of COPA's existence in September of 2022 as the police oversight agency of the Chicago Police Department, and so many successes, including fully staffing and operationalizing the new Video Release & Transparency Unit, I am even more confident about COPA's future. Based on last year's accomplishment our theme for 2023 will be "Advancing Our Culture". The expectation will be to raise the bar and mirror the expectation that we have of others and continue to meet the expectation of the public, civilian and sworn.

We expect to *Advance Our Culture* in 2023 with an increased focus on COPA's Policy, Research & Analyses Division (PRAD). With our recent hiring in 2022 of a Deputy Chief of PRAD, leadership will set this department on a course to support the agency's mission and contribute to COPA's Consent Decree compliance. We are also excited to launch our first COPA People's Academy class, and complete agency goals approved by the City of Chicago's new Community Commission for Public Safety and Accountability.

As an agency whose vision is to be the leader in police accountability by conducting thorough investigations, advance the culture of policing and build trust in civilian oversight, it cannot be realized without feedback from residents, law enforcement, practitioners and stakeholders. We desire to deliver on our mandate and welcome the public's willingness to hold our agency accountable.

Sincerely,

Andrea Kersten

Chief Administrator

VISION

To be the leader in police accountability by conducting thorough investigations, to advance the culture of policing and build trust in civilian oversight.

MISSION

- **Provide a just and efficient means to fairly and timely conduct investigations within our jurisdiction**
- **Determine whether allegations of police misconduct are well-founded**
- **Identify and address patterns of police misconduct**
- **Make policy recommendations to improve the Chicago Police Department, thereby reducing incidents of police misconduct**

VALUES

INTEGRITY

COPA employees are committed to pursuit of excellence and hold themselves personally accountable for the quality and fairness of their work. Collectively, the COPA organization has been designed to deliver neutral and fair police misconduct investigation.

TRANSPARENCY

COPA is committed to sharing information about its work to the utmost extent possible while preserving the integrity of the investigative process.

INDEPENDENCE

As individuals and collectively, COPA employees carry out their responsibilities without regard for external influences or political consequences.

TIMELINESS

COPA understands that time is of the essence in all matters. Complainants and officers alike want COPA investigations to be conducted as expediently as possible. COPA strives to conduct investigations that are both thorough and timely.

Introduction

The Civilian Office of Police Accountability (COPA) is responsible for receiving complaints of police misconduct involving the Chicago Police Department (the Department) and its Members,¹ and investigating complaints involving excessive force, domestic violence, sexual misconduct, coercion, verbal abuse, unlawful search or seizure, and unlawful denial of counsel. COPA also receives notifications of and investigates certain types of incidents including all officer-involved firearm discharges, all officer-involved deaths, custodial deaths, Taser discharges resulting in serious injury or death, and any incident involving an officer that results in serious bodily injury or death.

COPA is pleased to provide quarterly and annual report updates on its performance. This report provides information concerning operations and a statistical summary of data on investigative work from January 1, 2022, through December 31, 2022. To learn more, please visit www.chicagocopa.org

Operational Updates

Confirmation of Chief Administrator Andrea Kersten

On February 23, 2022, the Chicago City Council confirmed Andrea Kersten to serve as Chief Administrator of COPA. Before her confirmation, Andrea Kersten served as COPA's Interim Chief Administrator, Chief of Investigative Operations, Deputy Chief of Investigations, and Chief Investigative Law Officer. Before her service at COPA, she served as a domestic violence advocate, an Assistant State's Attorney in Cook County, and an Administrative Law Judge. Kersten also serves on the board of The Tripp Healy Foundation which supports student-athletes in the greater Chicagoland area.

COPA People's Academy

Throughout 2022, COPA has been actively working on the development of its People's Academy, set to launch in 2023. Through COPA's People Academy, interested citizens can attend an abridged version of COPA's formal training academy which is given to all new hires. COPA People's Academy is designed to educate citizens on COPA's processes including, the history of civilian oversight of policing, investigative methodologies, legal standards, and much more. COPA anticipates conducting the inaugural academy in the Spring of 2023.

5 Years of Reform, Transparency, & Progress

On Friday, September 16, 2022, COPA celebrated *5 Years of Reform, Transparency, & Progress* at the Harold Washington Library. The event highlighted COPA's work over the first five years since its inception and featured many prominent individuals in the accountability and public safety space, including Mayor Lori E. Lightfoot. COPA partnered with Civic Studios, a local non-profit focused on educating Chicago's youth through multimedia production, to create a video

Community-Police Mediation Pilot Program

On October 1, 2022, the City of Chicago launched its Community-Police Mediation Pilot Program. The program, in partnership with the Centers for Conflict Resolution (CCR), provides the opportunity for select cases of misconduct to be resolved through a mediation process. Guided by research and analysis, the program is intended to resolve cases in a more expedited and dialogue-driven manner. The program is designed to allow the complainant and the involved officer(s) to discuss their individual points of view regarding an incident and explore where different perspectives may have led to miscommunication and disagreement. Involved officers in cases that are subject to mediation will receive a non-disciplinary outcome. In 2022, COPA sent 70 cases to CCR for potential mediation.

Consent Decree Compliance

On December 15, 2022, the Independent Monitoring Team published its *Independent Monitoring Report 6*, outlining Chicago's ongoing Consent Decree compliance. As outlined in the report, COPA has achieved preliminary compliance with 90 percent of its stipulated Consent Decree requirements. All applicable policies are reviewed by COPA's Community Policy Review Working Group, posted for public comment, and revised considering all related input from the Independent Monitoring Team. Topics advanced in 2022 to achieve the previously mentioned compliance figures include Forensic Experiential Trauma Interview (FETI) training, Officer Interviews, Case Management Systems, Disciplinary and Remedial Recommendations, Fact Gathering, and Major Case Incident Response.

COPA remains committed to being a leader in compliance and is currently targeting 100 percent preliminary compliance by the end of 2023. To further support this process, the agency, through its 2023 allocated budget, intends to hire a compliance analyst to assist in achieving these goals.

2022 Figures at a Glance

- In 2022, concluded 1065 investigations.
- Posted on COPA's website materials in 12 cases that met COPA's transparency requirements. These postings contained 275 total materials that were publicly posted by COPA on its website. This included 141 videos (body-worn, 3rd party, in-car, and other city-owned cameras), 84 audio recordings (Office of Emergency Management & Communications radio transmissions, 911 calls, and gunshot detection recordings), and 50 reports (Tactical Response, Case Incident and Arrest Reports).
- Participated in 110 community events and engaged over 8000 community members.
- For the second consecutive year, excessive force complaints have decreased. In 2022, excessive force complaints decreased by 6 percent. In 2020, excessive force complaints reached a 5-year high, with 601 complaints made. 2022's figure would mark a 46 percent decrease from 2020's figures.
- In 2022, COPA received 36 officer-involved shooting notifications.²
- Forty one percent of cases closed in 2022 had sustained allegations. Further, 24 percent of allegations were found not sustained, 21 percent exonerated and 14 percent unfounded.
- Of the 33 officer-involved shooting (OIS) cases closed in 2022,² 58 percent were found to be within policy.
- In 2022, COPA recommended disciplinary charges to 305 Department members with sustained allegations of misconduct. Of those, COPA recommended 49 members for Separation and 203 members for Suspension.³

Additional Updates & Highlights

Racial Equity Cohort

COPA is a member of Chicago's Equity and Racial Justice Safety Cohort. The cohort seeks to advance institutional change that results in an equitable transformation across the City of Chicago enterprise. Each cohort is responsible for drafting a series of departmental goals that ultimately will be implemented into a Racial Equity Action Plan. COPA's goals mainly surround community input and access to information and data. In 2023, COPA plans to solicit input via a survey and feedback form by engaging 1000 complainants, 5000 residents in minority communities, and 400 members of the Department. The survey will inquire about investigations, policies, and reform efforts to improve police and community relations.

Style Guide

After every COPA investigation, the agency produces closure documents⁴ detailing our analysis of the evidence gathered and a summary of our findings and recommendations. COPA's FSRs, along with other written materials, are the backbone of the agency's commitment to transparency and accountability. To achieve a higher standard of consistency among its published materials, in 2022 the agency's Quality Management Division developed a formal style guide to be distributed to staff in 2023. The style guide is designed to be used in conjunction with COPA's existing templates and guidance for final closure documents.

All-Staff Meetings

² This figure does not include the discharge of a Taser, officer suicide by firearm or a discharge striking an animal.

³ The remaining disciplinary outcomes include Violation Noted or Reprimand.

⁴ Closure documents include COPA's Final Summary Report (FSR) or Non-FSR Closure Memo.

In 2022, COPA held a series of all-staff meetings to discuss COPA's successes and expand on its goals moving forward. These multidisciplinary meetings are a unique opportunity for COPA staff to work alongside their coworkers in setting goals and shaping the future of the agency. Building off the successes of these meetings in 2022, COPA is planning to continue them into 2023, with the first all-staff meeting set to take place in the first quarter.

Sexual Misconduct Jurisdiction

On February 23, 2022, the Chicago City Council approved amendments to COPA's governing ordinance that expanded the Agency's investigatory jurisdiction over allegations of sexual misconduct. After receiving feedback from the Independent Monitoring Team and the Office of the Attorney General, the amendment adopts the Consent Decree's definition of sexual misconduct and, also per the Consent Decree, allows select transferring of these cases to the Bureau of Internal Affairs (BIA) under certain circumstances. Sexual misconduct allegations and domestic violence allegations are handled by COPA's Special Victims Squad, which is comprised of a team of investigators with subject matter expertise and training to handle these highly sensitive investigations.

Community Engagement

COPA's Public Affairs Division is responsible for engaging members of the public through a wide variety of community events and public service opportunities. In 2022, COPA thoughtfully expanded its community engagement efforts throughout Chicago and participated in more community engagement events than ever before. This meant creating and strengthening ties to long-time and trusted community partners like New Life Centers, Back of the Yards Neighborhood Council, Nobel Neighbors, and The Leaders Network to name a few. In 2022, COPA participated in 110 community events taking place throughout 30 wards and 15 police districts. A full list of community engagement activities is available in [Appendix A](#).

Many of COPA's employees recognize that their commitment to public service extends beyond the walls of COPA and that there are many opportunities for individuals to engage their communities. While COPA employees donate their time to many important organizations and causes, the agency was excited about the positive staff involvement in our Clean & Green days of service and through various donation drives held throughout the year.

Clean & Green

COPA staff organized five Clean & Green activities in 2022. Clean & Green allows COPA staff to come together to clean city-owned vacant lots while beautifying the local community. COPA's initiative has grown to include other sister departments, including the Department of Streets & Sanitation and the Mayor's Office for People with Disabilities. COPA uses events like this to engage area residents about COPA along with the opportunity to join us in our efforts.

Consulado General de Mexico en Chicago

On October 24, 2022, COPA was invited to the Consulado General de México en Chicago to meet with the Director General of Consular Protection Vanessa Calva Ruiz. The conversation focused on the civil and constitutional rights of Mexican nationals in Chicago and Illinois. We were joined by partners from the Mexican American Legal Defense and Educational Fund, ACLU of Illinois, Illinois Coalition for Immigrant and Refugee Rights, and the National Immigrant Justice Center. Director General Calva is the foreign secretary in charge of protecting Mexican nationals abroad.

Supplies Drive for Domestic Violence Shelter

October was Domestic Violence Awareness Month and COPA's Special Victims Squad (SVS) collected donations for Family Rescue, a comprehensive support services provider to victims of domestic violence. Staff collected several boxes of supplies including toiletries, diapers, and other much-needed hygiene items to assist families currently being supported by Family Rescue.

Thanksgiving Meal with Migrant Arrivals

For Thanksgiving, COPA staff volunteered their time and donated supplies to the Illinois Venezuelan Alliance to provide a traditional Thanksgiving meal to new migrant arrivals. These new Chicagoans experienced their first traditional Thanksgiving meal with turkey, mashed potatoes, and other common sides. COPA continues to support the city and sister agencies in the migrant mission. Currently, COPA's Director of Public Affairs assists with receiving buses of migrants when they arrive in Chicago.

News Affairs

COPA's News Affairs Division is responsible for briefing local and national news outlets on matters related to officer-involved shootings, high-profile incidents, the release of materials or Final Summary Reports (FSR), and the closing of investigations. In the last year, News Affairs published 37 press releases, 12 related to video and other materials in accordance with the city's video release policy, and 13 providing updates regarding investigations. For a complete list of press releases published in 2022, please visit *Appendix B*. The releases can be read in their entirety by visiting www.chicagocopa.org/press

Engagement via Social Media

COPA's News Affairs and Public Affairs Divisions engage in a robust social media engagement strategy. Through the efforts of these teams, the agency works with members of the public proactively to provide updates and other necessary outreach functions regarding much of COPA's work. If you are interested in keeping up to date with COPA on social media, follow us on Twitter, Facebook, or LinkedIn [@ChicagoCOPA](https://www.instagram.com/ChicagoCOPA).

Video Release and Transparency Unit

The Video Release and Transparency Unit (VRTU), which was created in 2022, is responsible for organizing, reviewing, redacting, and releasing materials as stipulated by the City's Video Release Policy and Mayoral Executive Order No. 2021-1, COPA's response to Freedom of Information Act (FOIA) requests and posting Final Summary Reports to COPA's website. These efforts play an imperative role in building public trust in law enforcement through transparency and timeliness, two of COPA's core values. The addition of a dedicated team to handle these important requests, also has operational benefits for the agency, as this work was previously shared by COPA's Investigations and Legal team members.

Transparency Efforts

Since the enactment of the City's Video Release Policy in 2016, COPA has released certain evidentiary materials collected during investigations of OIS incidents, or during incidents where a Taser discharge or other use of force in police custody results in death or great bodily harm. Pursuant to the City's Video Release Policy, and subject to legal restrictions, COPA conducted 12 transparency postings in 2022, releasing 275 related materials as permitted by law. This included 141 videos (body-worn, third party, PODs, and in-car camera), 84 audio recordings (Office of Emergency Management & Communications, 911 calls, and gunshot detection system recordings), 50 reports (Tactical Response, Case Incidents, Arrest, and Investigatory Stop Reports). For a full list of cases for which materials were released in 2022, including releases that have been delayed due to an extension request made to the City or by a third party, and/or withheld because of a court order or due to the Juvenile Court Act, see *Appendix C* or visit <https://www.chicagocopa.org/data-cases/case-portal>

Freedom of Information Act Requests

In addition to the unit's responsibilities in accordance with the City's Video Release Policy, the VRTU is responsible for the timely response to materials requested through FOIA. In 2022, VRTU processed 365 FOIA requests. To submit a FOIA request or to learn more about the process, visit: <http://chicago.gov/publicrecords>

Executive Order Requests

On February 5, 2021, Mayor Lori E. Lightfoot issued an executive order calling for COPA to expand the scope of its transparency efforts to include the release of video evidence directly to those who are a subject, or their representative, of an alleged misconduct complaint. Previously, the City's Video Release Policy did not allow for the release of law enforcement video from an incident not covered under the Video Release Policy. In 2022, COPA fulfilled 37 Executive Order Requests with an average response time of 20.5 days. COPA also forwarded 13 Executive Order Requests to CPD for fulfillment because the related investigation fell under their jurisdiction. To make an Executive Order Request, visit: <https://www.chicagocopa.org/contact-copa> and click Video/Materials Request.

Policy, Research, & Analyses Division

COPA's Policy, Research & Analyses Division (PRAD) was revamped in 2022 to set it on a course that will more fully support the agency's mission by contributing to COPA's Consent Decree compliance, evaluating and enhancing internal policies, and identifying and addressing patterns of police misconduct through data analyses and policy recommendations.

Staffing

In October 2022, COPA hired and onboarded a Deputy Chief Administrator to lead PRAD. That same month, COPA acquired City Hall budget approval for five PRAD positions that will work under the Deputy Chief Administrator in PRAD to identify patterns and practices that contribute to police misconduct as well as to conduct analyses of COPA operations to support internal compliance and efficient, fair, and high-quality investigations. The positions to be filled include a Research Associate, two Data Scientists, a Project Manager, and a Senior Performance Analyst. In November, the new PRAD Deputy Chief Administrator continued through the onboarding process, completing required trainings on ethics, hiring, COPA policies, and COPA processes. In December, PRAD, Human Resources, and COPA's Chief of Staff began the hiring efforts to fill the PRAD unit by successfully posting the position of Research Associate. Additional positions will be posted in early 2023, with a goal of the PRAD unit being fully staffed by the end of Q2 2023.

Projects

- PRAD began assisting in the development and review of COPA surveys going out to complainants and the public.
- PRAD began creating and refining a standardized workflow for policy review and feedback.
- PRAD began drafting feedback to CPD on the latest draft of their search warrant policy.
- PRAD began drafting an advisory letter related to misconduct allegations against school resource officers.

Meetings/Events

- Engaged with current research on policing and accountability as well as academics and professionals studying police accountability at a national criminology conference to collect information about the latest evidence, topical trends and techniques in the field of policing and accountability.
- Met with members of the Community Commission for Public Safety and Accountability's (CCPSA) COPA Committee and presented PRAD's revamped design, structure, activities, and goals and milestones.

Information Systems

COPA's Information Systems Division is responsible for ensuring the agency's systems and technical functions remain operational. In addition to serving this important technical function, the division also maintains a team of information analysts dedicated to promoting the agency's data and analytical needs.

In 2022, Information Systems engaged in a robust effort to modernize COPA's website in line with the agency's ongoing commitment to transparency and accountability. Part of this effort included updating COPA's online case portal. Through these changes, individuals seeking information on incidents under COPA jurisdiction will now be able to locate all relevant incident materials in one centralized location, increasing user accessibility. Additionally, the agency has increased the number of filters and searchable functions, allowing members of the public to better locate and understand COPA's caseload. These changes also include increasing the functionality of the website's calendar.

During the third quarter, Information Systems launched a new interactive data dashboard on COPA's website centered around better informing the general public and other stakeholders about complaints of police misconduct and incidents under COPA jurisdiction. The portal provides detailed information on allegation types, geographic areas of incidents, demographic information of both subjects and accused members, and concluded cases. This new dashboard is updated daily and can be visited at: <https://www.chicagocopa.org/data-cases/data-dashboard>

Budget and Personnel

Budget

COPA's annual budget is set by the City of Chicago Ordinance, which authorizes a budget appropriation for the agency to be no less than 1 percent of the Department's annual operating budget, not including grant funds or fringe benefits. The 2023 budget appropriation for COPA complies with this ordinance.

Expense Category	2023 Budget
Personnel	\$12,919,356
Non-Personnel	\$2,116,665
Fringe (65.24)	\$8,428,588
Total	\$23,464,609

Staffing

In 2022, COPA onboarded 25 new employees broken down by the following positions:

- Administrative Assistant II (1)
- Administrative Services Officer II (1)
- Attorney (2)
- Deputy Chief Administrator (1)
- Digital Forensic Analyst (1)
- Director of Public Affairs (1)

- Freedom of Information Act Officer (4)
- Investigator (10)
- Intake Aide (3)
- Supervising Investigator (1)

Training and Professional Development

In pursuit of COPA's Consent Decree compliance and its commitment to training a well-educated and professional workforce, the agency conducts numerous trainings throughout the year. Led by the Agency's Training and Professional Development Division (TPDD), these trainings cover a diverse range of important topics and can be delivered as ad hoc training, a refresher course, as part of new-hire orientation or however else needed. In 2022, TPDD delivered 534 training hours of material to members of COPA staff of which nine were directly required by the Consent Decree, 165 were Non-Consent Decree training hours and the remaining 360 hours were through COPA Academy.

Consent Decree In-Service

In 2022, the TPDD delivered six Consent Decree topics for In-Service Training (nine Hours). Ninety-six percent of the Investigative Staff have attended at least eight hours of in-service training, as required per paragraph 527 of the Consent Decree.

- **Case Management System (CMS)** This training provided a refresher on COPA's Case Management System. Eighty-two (100%) of the Investigative staff⁵ virtually attended this training. CMS is a requirement for Investigative COPA employees per the Consent Decree.
- **Disciplinary and Remedial Recommendations:** This training outlined the process COPA undertakes in making disciplinary and non-disciplinary recommendations. Seventy-two (99%) of the Investigative staff attended this training virtually and in-person.
- **Officer Interviews:** This training provided an overview of the policy and procedures associated with COPA employees conducting interviews with CPD Members. COPA staff attended this training. The monitoring team was able to observe this session and provided positive feedback. Sixty-eight (96%) of the Investigative staff attended this training.
- **Final Summary Reports:** This training provided the information needed to ensure Final Summary Reports (FSRs) maintain structural, evidentiary, and analytical consistency. Sixty-seven (100%) Investigative staff members attended this training.
- **Fact Gathering – Evidence Collection:** This training familiarized employees with COPA's fact-gathering and investigative process. Sixty-six (99%) Investigative staff members attended this training.
- **Major Case Incident Response:** This training provided an opportunity for employees to learn about COPA's process for responding to Officer-Involved Shootings (OIS) and Officer-Involved Deaths (OID), including investigative efforts and responsibilities of COPA personnel assigned to major-case response and immediately following an incident. Sixty-five (97%) Investigative staff members attended this training.

⁵ Percentages of staff attendance are associated with the total number of employed staff upon completion of the training module.

Non-Consent Decree Training

In 2022, the TPDD delivered 165 hours of Non-Consent Decree content throughout 20 sessions.

- **Introduction to the City of Chicago's Mediation Pilot Program:** This training introduced COPA staff to the City's Mediation Pilot Program. Eighty-three members of the COPA staff virtually attended this training. This training was required for the Intake team. All other staff was encouraged to attend.
- **Lunch and Learn: Foot Pursuit Policy:** This session briefed COPA staff on PRAD's recommendations for CPD's forthcoming revision of the Foot Pursuit Policy. Sixty-seven COPA staff members virtually attended this optional lunch and learn session.
- **Consent Decree Faculty Orientation:** This session provided new faculty with the tools needed to develop and deliver Consent Decree content. Thirteen members of the Investigative and Legal staff attended this session.
- **Trauma Informed Interview Technique Training Practical Application:** This training was the second component of Trauma Informed Interview training. The first component was a methodology course that was completed online in the 4th Quarter of 2021. The practical application course delivered in April 2022, provided COPA staff an opportunity to demonstrate and practice skills learned in the methodology course. Sixty-six members of the Investigative staff attended this training in person.
- **FOIA Training:** This session was an overview of the FOIA process, delivered by the City of Chicago's Department of Labor. Six members of COPA's Transparency and Legal divisions attended this virtually.
- **Lead Homicide Investigation Training:** This course was delivered by the Public Agency Training Council and provided attendees an in-depth examination of death investigations. This course is a requirement for all Supervisors and Major Case Specialists. Forty-three COPA staff members virtually attended this course.
- **Performance Evaluation Training for Supervisors:** This session introduced Supervisors to the performance evaluation process. Twenty-six members of the Supervising staff attended this session in-person.
- **Initial Mid-Year Conference Information Session:** This optional session provided COPA staff an opportunity to ask questions about the performance evaluation process. Fifty-eight COPA staff members attended this session virtually.
- **New Feature in CMS:** This optional session provided a brief CMS demonstration. Forty-one COPA staff members attended this session virtually.
- **Evidence.Com Refresher:** This optional session provided a refresher of Evidence.com. Sixty-nine COPA staff members attended this session virtually.
- **Webinar: Understanding Brady and Giglio: Understanding Oversight's Role:** NACOLE presented this webinar as part of their specialized training series. Eight members of COPA's Legal staff attended this virtual webinar.
- **COPA Policy Questions and Answers: Major Incident Responses:** This session provided an opportunity for COPA staff to ask questions about the updated Major Incident Responses policy that was launched June 15, 2022. Sixty-one COPA staff members attended this session virtually and in person.
- **Major Incident Response Training:** This session provided new investigators with an overview of the MIRT program as well as a refresher for existing employees. Thirty-seven members of the Supervising staff attended this session virtually and in person.
- **Webinar: Situation Body-Worn Cameras within Civilian Oversight:** This webinar discussed the use of body-worn cameras within Civilian Oversight. Twenty-one members of the Investigative and Legal staff attended this training.
- **Webinar: Policing, Regulation and Oversight:** This webinar discussed recent trends and problems in police regulation. Nine members of the Investigative and Legal staff attended this training.
- **Major Incident Response Team: The Supervisors Role:** This training provided practical information to Supervising investigators on COPA's major incident scene response. Fourteen Investigative Supervisors attended this session.

- **NACOLE (National Association for Civilian Oversight of Law Enforcement) Annual Conference:** Experts and practitioners from around the globe attended this conference to engage in discussion about how to build better oversight. This conference provided COPA an opportunity to not only present content but to meet and network with counterpart agencies from around the globe. Four members of COPA's Leadership team attended this conference.
- **Active Assailant Training:** This one-hour City required session provided tips for maintaining a safe work environment as well as active assailant preparedness. One hundred ten COPA staff members attended this session in-person.
- **Officer-Involved-Shooting and Use-of-Force Investigations:** This training examined investigative best practices using a standardized and systematic approach. Two members of the Investigative staff attended this training.
- **P.E.A.C.E 5-Day Investigative Interviewing Course:** This training introduced core knowledge and content for those who use investigative interviews within their disciplines. P.E.A.C.E is an acronym for Planning and Preparation, Engage and Explain, Account, Clarification and Challenge, Closure and Evaluate. Two members of the Investigative staff attended this training.
- **Grooming Behavior Training:** This training provided an overview of child sexual abuse and various stages of grooming. Nineteen COPA staff members attended this session. The entire SVS team attended this training.

National Association for Civilian Oversight of Law Enforcement

As leaders in the field of Police Accountability, COPA was honored to be selected to present two sessions at the 2022 NACOLE Annual Conference. Below are descriptions of each session:

- **COPA Academy: A Blueprint for Investigative and Legal Staff Training at NACOLE:** This session focused on COPA's efforts to develop and implement robust training methodologies that align with expectations in COPA's enabling ordinance and the Consent Decree. This session addressed COPA's training plan structure, New Hire Onboarding Orientation, 200 training hours of COPA Academy, In-Service training, and the upcoming launch of the People's Academy.
- **The Three C's of Critical Incident Response: Cooperation, Collaboration, and Communication at NACOLE:** COPA and the New York City Civilian Complaint Review Board collaborated to deliver a session on how respective agencies handle critical incidents. COPA's portion of the presentation focused on procedures and standard practices of COPA's Major Incident Response Team (MIRT)

In April of 2022, COPA also worked with Choose Chicago to submit a bid to have Chicago host NACOLE'S Annual Conference here in 2023. In December of 2022 we were thrilled to learn that Chicago's bid was selected and in November 2023, hundreds of civilian oversight practitioners from across the country will be here in Chicago to learn from experts in our field. This is also an exciting opportunity for Chicago and to showcase its unique and robust system of civilian oversight, which includes COPA, the Community Commission for Public Safety and Accountability, the Police Board, and the Public Safety Section of the Inspector General's Office.

COPA Academy VII & VIII

All new COPA hires attend COPA Academy, a 10-week training program that educates staff on the necessary tools, legal framework, and investigatory practices that are necessary to COPA's operations. COPA's newly hired investigators attend the entirety of the Academy, while other staff members only attend parts of the curriculum that apply to their particular field. In 2022, the TPDD delivered two academy training sessions:

- **COPA Academy 7:** February 7 – April 11, 2022: 180 Training Hours
- **COPA Academy 8:** October 3 – December 8, 2022: 180 Training Hours

COPA Academy Components

- New Hire Onboarding Orientation
- Basic Investigations: February
- Investigative Concepts and Steps
- Legal Concepts
- Writing Seminar
- Site Visits and Practicum
- FETI Practical Application

Attendees completing the practicum were evaluated on:

- Interview Sequencing
- Oral Presentation
- Practical Application Assignments
- Final Exam

COPA Academy VII Graduation

COPA Academy VIII Graduation

COPA Academy: Civic Wellness Program: Art Institute of Chicago:

TPDD partnered with the Art Institute of Chicago to bring COPA staff a unique training opportunity. COPA staff visited the Art Institute Friday, March 25, and Wednesday, October 5, 2022, for COPA Academies 7 and 8. This exploratory program provided an opportunity for newly hired staff to engage in a thoughtful discussion about implicit bias and community engagement. This program will be incorporated into future COPA Academies.

Published Cases

In line with COPA's commitment to transparency and to better inform the public about the timeline of police misconduct investigations, the agency will highlight summaries of published cases quarterly. COPA strives to complete investigations in a timely manner, and once an investigation is concluded, COPA issues findings and/or recommendations for discipline to the Superintendent of Police. COPA's ordinance requires the Superintendent to respond within 60 days, though the Superintendent may request to extend the review period for up to 30 additional days, for a total review period not to exceed 90 days. The Superintendent's response to any COPA recommendations of discipline or other remedial action, if applicable, will determine the extent of the additional review processes that follow. These review processes may include, but are not limited to, review by the City of Chicago Department of Law, hearing before the Chicago Police Board, grievance filings, and arbitration.

COPA will post its Final Summary Report (FSR), which will include COPA's analysis of the evidence and investigative findings and recommendations, on its website upon the conclusion of the Superintendent's review or, if applicable, following service of disciplinary charges by the Department of Law on any involved officer.

Officer-Involved Shooting – March 31, 2021

On March 31, 2021, Officers Evan Solano and Sammy Encarnacion were on routine patrol and observed a Hispanic man whom they had recognized from previous encounters, including the night before where the officers ran his temporary plate and learned that he was driving on a suspended license.

On the date of the incident, upon seeing the subject again, officers began following him. The officers intended to conduct an investigatory street stop because they knew from the night before he had a suspended license. The officers followed the subject as he walked into a Shell gas station parking lot where they activated their blue emergency lights. The subject then

began to run and as officers pursued they observed the individual holding his waistband, leading the officers to believe the suspect had a firearm. At this point, the officers stopped their vehicle and began chasing the suspect on foot.

After a brief pursuit, the subject rounded a corner near 5200 W. Eddy Street, where he briefly fell twice, stood up, and continued to run. Officer Solano turned west on Eddy and yelled for the suspect to drop his gun. As the suspect continued to run, Officer Solano fired his weapon five times striking the individual, resulting in him dropping his firearm. Both officers proceeded to render medical aid. The suspect would later succumb to his injuries.

Officer Solano received eight allegations of misconduct from the incident, six of which COPA found Sustained, one Exonerated, and one Unfounded. Officer Encarnacion also received eight allegations of misconduct, five of which COPA found Sustained, two Unfounded, and one Exonerated. COPA recommended Officer Solano be separated from the CPD and Officer Encarnacion receive a substantial suspension up to and including Separation.

The Superintendent disagreed with COPA's recommended penalty and on July 20, 2022, a One-Member Review by the Police Board found the Superintendent met the burden of overcoming the Chief Administrator's recommendation for discipline. This resulted in both officers ultimately receiving suspensions of 20 days.

Officer-Involved Shooting – July 30, 2020

On July 30, 2020, Officers Vincent Caramusa and Pawel Wiszowaty responded to a call of a suspicious and/or stolen vehicle at 4847 W. North Avenue. The officers confirmed the vehicle was stolen and witnessed an individual approach the vehicle and enter it. The officers immediately exited their police vehicle, searched, and detained the individual. Officer Jason Cloherty arrived shortly after to transport the individual to the 25th District Police Station.

When Officer Cloherty arrived at the station he parked his vehicle in front of the sally port and proceeded to the rear door to remove the individual. As he approached, the individual shot Officer Cloherty in the face. Several officers who were in the vicinity of the sally port entrance heard the gunshot and exchanged gunfire with the individual, striking him and ultimately detaining him.

COPA found the use of force by all firing officers to be within CPD policy. However, allegations were sustained against several officers for various procedural misconduct allegations including, but not limited to, failure to activate a body-worn camera and failure to conduct a thorough search. The full FSR can be found at: <https://www.chicagocopa.org/case/2020-0003466>

Excessive Force Incident – August 18, 2021

On August 28, 2021, at approximately 12:19 a.m., an individual was walking her dog on North Avenue Beach when Officer Bruce Dyker approached in his vehicle and ordered her to leave the beach due to the park being closed. Officer Dyker would exit his vehicle and continue to direct her to leave the beach during which the involved woman was simultaneously voicing her concerns about Officer Dyker not being masked and invading her personal space. The situation began to escalate, and Officer Dyker initiated the use of physical force, grabbing the woman's arm and body. The two struggled until Officer Dyker released the woman and she exited the beach. Officer Dyker received eight allegations of misconduct as a result of the

incident, seven of which were found Sustained and one that was found Not Sustained. The FSR can be found at: <https://www.chicagocopa.org/case/2021-0003402>⁶

Excessive Force Incidents – May 31, 2020 / August 25, 2020

In the wake of George Floyd's death in Minneapolis, Minnesota on May 26, 2020, large-scale protests and demonstrations took place throughout the country – including Chicago. These resulted in thousands of police and civilian encounters, many fraught with emotion. A significant number of these incidents were recorded and went viral on various social media platforms. One incident that gained significant attention in Chicago took place on June 1, 2020, at approximately 3:00 pm, when police approached a vehicle occupied by the complainant in the parking lot of the Brickyard Mall. Officers engaged with the vehicle and its occupants (including the complainant), attempting to gain access to the vehicle while requesting the occupants' exit. The vehicle's driver responded by accelerating away, however, the parking lot was occupied by a sizeable group of officers who swarmed the vehicle. CPD members began striking the vehicle's windows with their batons, breaking several of them. All occupants besides one would exit under their own power. However, before the complainant had a chance to do so, officers would forcefully remove her, pulling the complainant by her hair and taking her to the ground. Simultaneous with the stopping and detention of the vehicle's occupants, an individual who witnessed the situation approached members of CPD and attempted to prevent them from detaining the occupants. An officer responded to this interference using several profanities and derogatory remarks. The same officer would later interact with the aforementioned witness, during which the witness struck the officer while the officer continued to make more derogatory remarks towards the witness. This case involved a significant amount of evidence and involved individuals, including members of the Department and witnesses. Ultimately a total of 10 Department Members would receive allegations, two of which were sergeants. Recommended discipline ranged from Exoneration to Separation. Additionally, a member was found to have made false, incomplete, inaccurate and/or misleading statements to COPA during an interview on August 25, 2020. The FSR can be found at: <https://www.chicagocopa.org/case/2020-0002128/>

Investigative Data

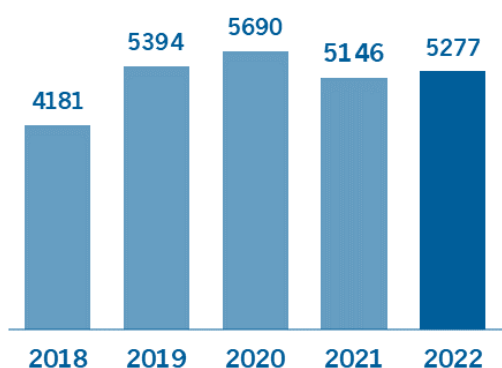

Methodology

To fulfill the requirements of COPA's enabling ordinance (MCC § 2-78-150), the agency queried relevant databases in which complaint and operational data are recorded to retrieve the information analyzed for this report covering the period from January 1, 2022, through December 31, 2022. The data contained in this report represents the most accurate information available at the time of publication. Moreover, the information stored in the database is dynamic and can change as an investigation progresses. For example, an allegation category may change as an investigation uncovers additional evidence, or a case previously concluded may be reopened. Thus, the numbers reported here are subject to future revision, and historical comparative data presented may vary slightly from previous reports. Data herein is presented in an order similar to COPA's investigative process: intake, pending investigations, and concluded investigations.

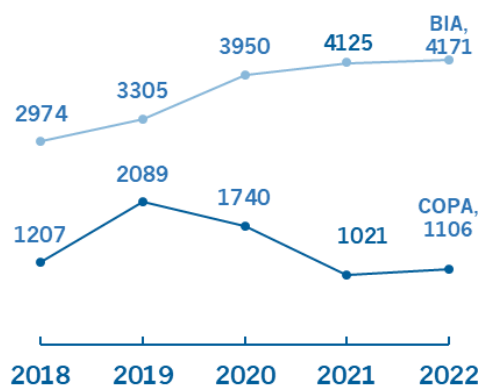

Intake

It is important to note that COPA can only report on the complaints and notifications it receives—it cannot account for individuals who have or believed they have, experienced Department member misconduct, but have not filed a complaint or the conduct did not generate a notification to COPA. Therefore, with respect to COPA's intake, all numbers represent the number of reported complaints and notifications of actual or perceived misconduct. COPA's intake process documents the number of complaints received but there may be multiple allegations of misconduct, potentially involving multiple Department members, contained in a single complaint.

In 2022, COPA received 5,277 complaints and notifications. An increase of 2.5 percent compared to 2021, the number of intakes is starting to trend upward since the 9.6 percent decrease from 2020 to 2021. Of the total intake in 2022, 4,171 fell outside of COPA's investigative jurisdiction and were referred to the Bureau of Internal Affairs (BIA). The complaints referred to BIA included criminal conduct, operational violations not involving civilian contact, or other less serious complaints not otherwise within the jurisdiction of COPA. At the end of the year, COPA retained 1,106 (21 percent) complaints and notifications for investigation.

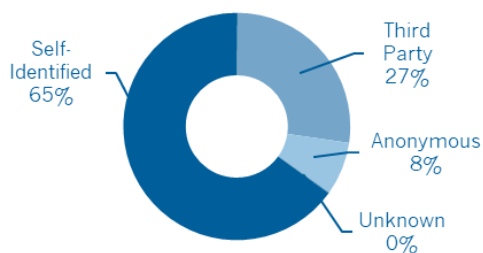

Complaints and notifications received by year (2018-2022)

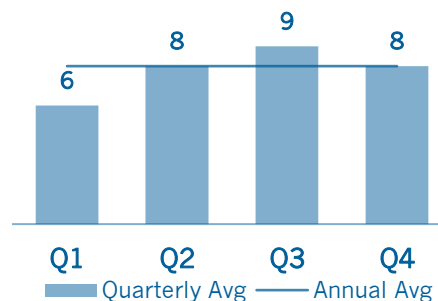

Complaints and notifications received by year and jurisdiction (2018-2022)

In 2022, about two-thirds of complaints under COPA jurisdiction were reported by a self-identified complainant (720), a little over a quarter were reported by a third party (301), and the rest were anonymous (85). Moreover, the average time from receipt of a complaint to the next or initial contact with the complainant or representative was 8 days.

Location of Incidents by District

During 2022, districts 11 (Harrison), 7 (Englewood), and 6 (Gresham) were among the districts with the highest number of incidents that resulted in complaints and notifications under COPA's jurisdiction. This trend had been consistent in the last five years. The table and map below display the geographic distribution of intake under COPA's jurisdiction.

Complainant Demographic Information⁷

The following figures are based on demographic information provided by self-identified complainants or subjects of police-involved incidents in which COPA is notified by the Department. In 2022, more than half of the complainants or subjects were male (56.1 percent). The majority were Black or African American (55.3 percent). In addition, most of the complainants or subjects were between the ages of 20 and 39 years old (44 percent).

Allegations by Category

A single complaint may contain multiple allegations against one or more Department members. In 2022, COPA recorded 2,727 allegations against Department members. The most common allegations involved Fourth Amendment violations (i.e., improper search or seizure of either individuals or property), making up 42 percent of all allegations, followed by operational violations, making up 24 percent of all allegations. These categories have consistently constituted COPA's largest percentage of allegations on a yearly basis.

Allegations recorded under COPA jurisdiction by Police District (2022)

The figures shown in this section exclude firearm discharges related to animal shootings, accidental discharges, and officer suicides. In 2022, COPA received 36 notifications of an officer-involved shooting: 17 were no hits, 17 involved non-fatal injuries, and 2 involved fatalities. This is a 3 percent decrease from 2020.

During 2022, COPA concluded 40 OIS cases, an 81 percent increase from 2021.

Concluded OIS cases by year (2018-2022)

At the end of 2022, COPA had 1,686 pending cases under investigation. This is a 1 percent reduction from 2021.

The 1,686 pending investigations encompass a total of 6,311 allegations. Of these, 41 percent concern allegations of improper search or seizure (Fourth Amendment violations). Another 17 percent concern allegations of excessive force. Together they make up 58 percent of the total allegations that remained under investigation at the end of 2022.

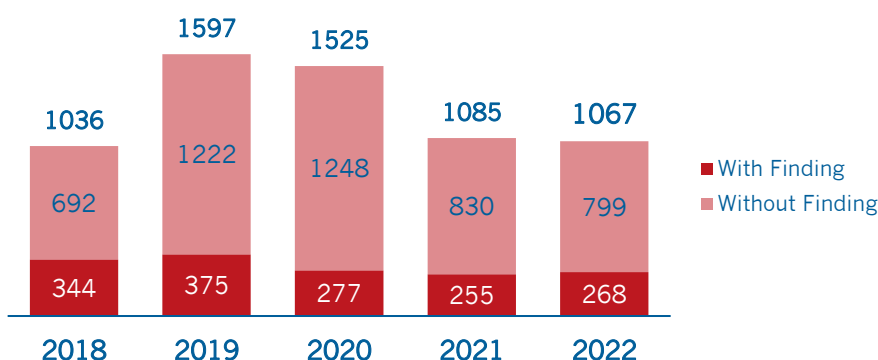

The table below depicts allegation types that remain under investigation in 2022.

Concluded Investigations

In 2022, COPA concluded a total of 1,067 investigations, a 1.6 percent decrease from 2021. Of these investigations, 268 were concluded with findings and 799 were concluded without findings

Investigations Concluded with Findings

A “finding” is determined when after a fair, thorough, and independent investigation, sufficient proof is obtained to warrant a determination of one of the four categories shown in the box, entitled Finding Types. As will be discussed below, several factors may contribute to an investigation being concluded without reaching a finding.

COPA makes investigative findings of Sustained and Not Sustained based on the “Preponderance of Evidence” standard in which the evidence must show it is “more likely than not” that the incident did or did not occur as alleged. However, in accordance with the March 1, 2019 Consent Decree, findings of Unfounded and Exonerated must be supported by “Clear and Convincing” evidence. Clear and Convincing evidence is a higher standard than Preponderance of Evidence, but less than “Beyond a Reasonable Doubt.”

Finding Types

Sustained: The allegation was supported by sufficient evidence (“Preponderance”) to justify disciplinary action. Recommendations of disciplinary action may range from Violation Noted, to Suspension, to Separation from the Department.

Not Sustained: The allegation is not supported by sufficient evidence (“Preponderance”) to prove or disprove the allegation.

Unfounded: The allegation was not supported based on facts revealed through investigation, or the reported incident did not occur, as shown by “Clear and Convincing Evidence.”

Exonerated: The incident occurred, but the action taken by the officer was lawful and proper, as shown by “Clear and Convincing Evidence.”

In 2022, COPA concluded 267 cases and issued findings on 2,229 allegations of misconduct. Of the total, closed cases with findings, 155 or 58 percent were Sustained. Of the total allegations with findings, 905 or 41 percent were Sustained.

Recommended Discipline

At the end of an investigation in which COPA sustains one or more allegations, the agency recommends discipline of the accused member to the Department. However, it is ultimately up to the Department and/or the Chicago Police Board to come to a final decision regarding discipline. In 2022, COPA recommended 888 disciplinary charges on sustained allegations of misconduct.

Police Board Review Decision

The Chicago Police Board is tasked with deciding disciplinary cases when the Superintendent of Police files charges to discharge a sworn officer from the Department and rules on disagreements between the COPA Chief Administrator and the Superintendent of Police. During instances of disagreement between the COPA Chief Administrator and the Superintendent of Police, a single Police Board Member decides if the Superintendent of Police met the burden to overcome the Chief Administrator's recommendation. If the Superintendent does not meet this burden, the Chief Administrator's recommendation shall be deemed accepted by the Superintendent; if the recommendation is to discharge the officer from the Department, a case is to be filed for hearing and consideration by the full Police Board. If the Superintendent meets this burden, the Superintendent's response shall be implemented. In 2022, the Police Board decided 10 COPA-investigated discharge cases and 27 disagreement cases.

Length of Investigation

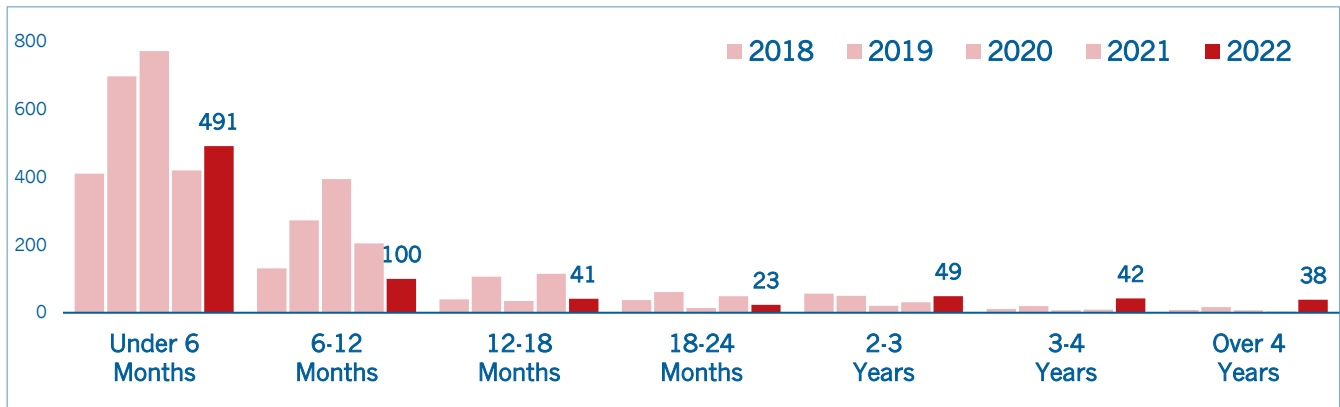

COPA strives to conclude its investigations within six months of receiving a complaint of misconduct or a notification from the Department of a police-involved incident for investigation. Pursuant to municipal ordinance, MCC § 2-78-135, when COPA is unable to conclude its investigation within six months, notice to the complainant and any Department member who is the subject of the investigation, must be provided and include the general reasons for a delay. Some investigations, such as OIS incidents and incidents involving excessive force, may conclude beyond the six-month timeframe as they are, by nature, more complex, often involve multiple parties, and require an intricate analysis of collected evidence.

Of the 1,067 concluded investigations during 2022, 47 percent, or 500 were completed within 6 months and 11 percent, or 115 were completed in 6-12 months. Overall, 58 percent of closed cases were concluded in less than one year.

Length of investigations of closed cases by year and aging period (2018-2022)

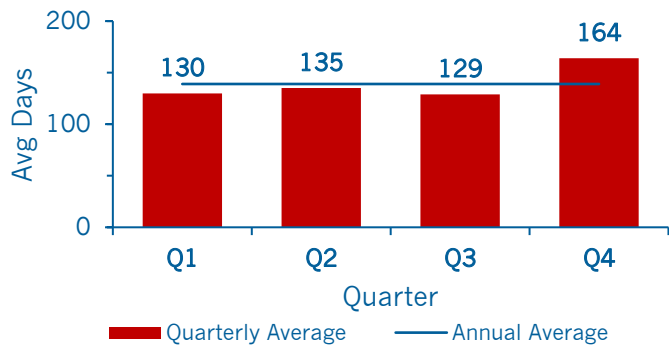

The table below depicts the length of investigation of closed cases with no finding. Of the 799 closed cases with no finding in 2022, 75 percent, or 591 were completed within 1 year.

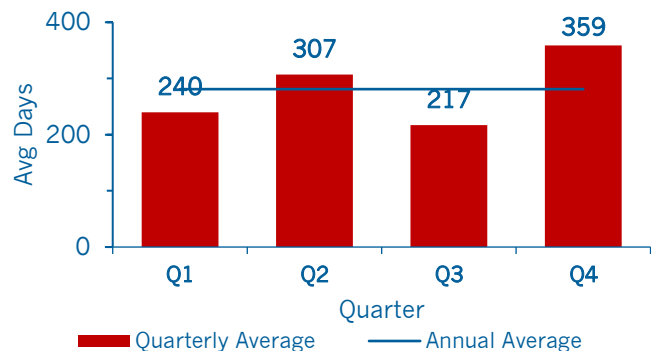

Length of investigations of closed cases with no finding by year and aging period (2018-2022)

Length of Post Investigation

Once COPA completes its investigation of a case and issues findings and recommended disciplines, the case may go through additional steps (i.e., Superintendent review, grievance process, arbitration, and/or Police Board hearing) before it reaches a final disposition. During 2022, the average time from the investigative findings and recommendations to a final disciplinary decision is 139 days. Additionally, the average time from the investigative findings and recommendations to a final disposition is 264 days.

Additional Data Reporting

Complaints per Member

Per COPA’s ordinance, the agency must report on the number of total complaints (COPA and BIA investigations combined) filed against each member in each district during the quarterly or annual reporting period. In the table below, the first column displays the name of each police district in which at least one member has been the subject of a complaint. The header row displays the number of complaints. So, the first line would be understood as: “Of members assigned to 1st District, 85 members each have one complaint, 19 members each have two complaints, 11 members each have three complaints, and four members have four complaints.”

Final Summary Reports

Pursuant to Chicago Ordinance MCC § 2-78-145, all final summary reports of investigation created by COPA shall be posted to its website and open to public inspection, except to the extent the information contained therein is exempted from disclosure under the Illinois Freedom of Information Act, collective bargaining agreement, or any other applicable law. In 2022, COPA posted over 300 final summary reports. To view the final summary report, please visit <https://www.chicagocopa.org/case/>

Referrals

COPA may partially or fully refer a matter to another agency for a variety of reasons. For example, if COPA determines in the course of a preliminary investigation that the accused officer is a member of a police department other than the Chicago Police Department, COPA fully refers the matter to the department the accused is a member of. A partial referral occurs when COPA retains its administrative investigation, but shares certain information with another agency, for instance, when COPA's investigation reveals potential criminal violations. In accordance with COPA's ordinance, COPA may also refer complaints to the City of Chicago Office of Inspector General. In 2022, COPA referred 62 cases to other agencies/departments.
