# Message from the Chief Administrator

As we end the first quarter of 2023, I continue to appreciate the work of our staff and this great city that we all enjoy. Chicago's rich history is reflected in every neighborhood and as residents we all understand the importance of public safety and our personal and professional contributions to ensure it exists in all communities. As Chief Administrator, I recently implored our agency to resist complacency and continue *Advancing Our Culture*, which is the theme for 2023. The goal is to raise the bar and mirror the expectation that we have of others while also meeting the expectations of the public, civilian and sworn.

With the recent hiring of a Deputy Chief of our Policy, Research & Analyses Division (PRAD), leadership is in place that will set this department on a course to support the agency's mission and contribute to COPA's Consent Decree compliance. Throughout the year, PRAD and its work will be at the core of our publications as we fulfill the mission to make policy recommendations to improve the Chicago Police Department, thereby reducing incidents of police misconduct.

We are also excited to announce the launch of COPA People's Academy: A six-week condensed version of COPA's Training Academy for the public (civilian or sworn) and organizations around the country interested in learning about civilian police oversight, investigative and legal concepts as well as the role of PRAD. Each course is taught by COPA subject matter experts. The opportunity to better inform the public of the interworkings of our agency as it pertains to the matters investigated within our jurisdiction is paramount in the public's ability to trust the outcomes of our investigations. In this report and throughout the year, COPA will provide updates and announce new course offerings that are free to the public, civilian and sworn. The inaugural COPA People's Academy resulted in over 150+ enrollees.

New to our quarterly reports are the annual goals and updates which were submitted to the newly created Community Commission for Public Safety and Accountability (CCPSA). The newly formed commission has public safety oversight responsibilities and is tasked with setting the annual goals for COPA, the Chicago Police Department, and Police Board. COPA's goals are representative of every department and unit within the agency, with a clear vision of our theme of *Advancing Our Culture*.

After nearly six years of COPA existing within our systems of accountability, it is not lost on any of our staff the importance of this work and its impact on complainants, officers, families and every resident. The work reflected in this report is a sample of our commitment to engaging residents of the city, conducting thorough investigations, providing sound legal analysis, hiring and training appropriately and providing data that better informs every resident.

As the national leader in police accountability by conducting thorough investigations, there is nothing we do that cannot be realized without true engagement and feedback from residents, law enforcement, practitioners and stakeholders. We appreciate the opportunity to serve every resident of Chicago as we deliver on our mandate and work to advance the culture of policing.

Sincerely,

**Andrea Kersten**

*Chief Administrator*

## VISION

**To be the leader in police accountability by conducting thorough investigations, to advance the culture of policing and build trust in civilian oversight.**

## MISSION

- **Provide a just and efficient means to fairly and timely conduct investigations within our jurisdiction**
- **Determine whether allegations of police misconduct are well-founded**
- **Identify and address patterns of police misconduct**
- **Make policy recommendations to improve the Chicago Police Department, thereby reducing incidents of police misconduct**

## VALUES

### INTEGRITY

COPA employees are committed to pursuit of excellence and hold themselves personally accountable for the quality and fairness of their work. Collectively, the COPA organization has been designed to deliver neutral and fair police misconduct investigation.

### TRANSPARENCY

COPA is committed to sharing information about its work to the utmost extent possible while preserving the integrity of the investigative process.

### INDEPENDENCE

As individuals and collectively, COPA employees carry out their responsibilities without regard for external influences or political consequences.

### TIMELINESS

COPA understands that time is of the essence in all matters. Complainants and officers alike want COPA investigations to be conducted as expediently as possible. COPA strives to conduct investigations that are both thorough and timely.

# Introduction

The Civilian Office of Police Accountability (COPA) is responsible for receiving complaints of police misconduct involving the Chicago Police Department (the Department) and its Members,<sup>1</sup> and investigating complaints involving excessive force, domestic violence, sexual misconduct, coercion, verbal abuse, unlawful search or seizure, and unlawful denial of counsel. COPA also receives notifications of and investigates certain types of incidents including all officer-involved firearm discharges, all officer-involved deaths, custodial deaths, Taser discharges resulting in serious injury or death, and any incident involving an officer that results in serious bodily injury or death.

COPA is pleased to provide quarterly and annual report updates on its performance. This report provides information concerning operations and a statistical summary of data on investigative work from January 1, 2023, through March 31, 2023. To learn more, please visit [www.chicagocopa.org](http://www.chicagocopa.org)

## Operational Updates

### *COPA People's Academy*

On March 21, 2023, COPA hosted its Inaugural COPA People's Academy (CPA). This six-week condensed version of COPA's Training Academy is available for members of the public (civilian or sworn) and organizations around the country interested in learning about civilian police oversight, investigative and legal concepts as well as the role of COPA's Policy, Research and Analyses Division (PRAD). Currently over 100 individuals and organizations are participating in the academy, which is hosted at Chicago's Bauer Plummer Joint Public Training Center. COPA anticipates hosting its second people's academy later this year as well as a series of specialized training modules. For more information, visit <https://www.chicagocopa.org/community-outreach/copa-peoples-academy/>

### *All-Staff Meeting*

On March 8, 2023, COPA hosted an All-Staff Meeting at the National Museum of Mexican Art (NMMA), in Chicago's Pilsen community. This meeting was a continuation of the agency's commitment to hosting all-staff meetings regularly. These meetings are an opportunity for members of COPA staff to come together and receive agency updates, be recognized for exemplary work and participate in team building and goal-setting activities. Joining COPA at the meeting were Mayor Lori Lightfoot, Gerardo Guerrero-Gomez – Deputy Consul General of Mexico in Chicago, and Carlos Tortolero – President of NMMA. COPA staff also received training and instruction from Commissioner Rachel Arfa, from

## *Agency 2023 Goals*

On July 21, 2021, the Chicago City Council passed an ordinance creating the Community Commission for Public Safety and Accountability (CCPSA). In addition to the commission's public safety oversight responsibilities, it is tasked with setting the annual goals for COPA, CPD and the Police Board.

In November of 2022, COPA's senior leadership, directors and supervisors met to create a list of draft goals for the upcoming year. The goal-setting session featured interdepartmental small groups that worked together to generate ideas for potential goals. This list was further narrowed by the senior leadership team to generate the list of draft goals issued to CCPSA.

On January 26, COPA's 2023 goals were formally adopted by CCPSA. To view COPA's 2023 goals, visit CCPSA's website at: <https://www.chicago.gov/city/en/depts/ccpsa.html>

On March 27, Chief Administrator Andrea Kersten and General Counsel Robin Murphy met with CCPSA Commissioners Beth Brown and Yvette Loizon to provide an update on COPA's Q1 Goal Progress. COPA's successfully completed its Q1 Goals across all departments within the agency, including Administration, Communications and External Affairs, Legal, Policy, Research and Analyses Division (PRAD), and Investigations. Commissioner Brown made public comments regarding COPA's Q1 goals at the CCPSA Public Meeting on March 30.

## *Racial Equity Cohort*

Over the past quarter COPA, represented by 15 staff members across every department within the agency, has partnered with the Office of Equity and Racial Justice (OERJ), a department that seeks to advance institutional change that results in an equitable transformation of how we do business across the City of Chicago enterprise. This includes the City's service delivery, resource distribution, policy creation, and decision-making. OERJ has worked with COPA to normalize concepts of racial equity, organize staff to work together for transformational change, and operationalize new practices, policies, and procedures that result in more fair and just outcomes. The development of the COPA's Racial Equity Action Plan (REAP) will provide a roadmap for staff to consider the root causes of inequity among Chicagoans. As a result of this partnership, OERJ will:

- Guide and support COPA in setting goals and plans to infuse racial equity strategies into processes, workstreams, and policies on a permanent basis.
- Lead/partner with cross-cutting initiatives that provide an opportunity to advance innovative models and embed promising tools or practices.
- Cultivate civic engagement, participation, and access amongst communities of color and those historically disconnected from city government.
- Build an infrastructure for tracking progress, measuring impact, and developing responsive and meaningful solutions.

## *Bauer Plummer Public Safety Training Academy*

On January 25, 2023, COPA Chief Administrator Andrea Kersten and members of COPA staff joined other city leaders for the grand opening of the city's newly built Joint Public Safety Training Academy, named after fallen police Commander Paul Bauer and firefighter MaShawn Plummer. This advanced facility will be used by the public safety-focused agencies, including COPA, for various training and professional development needs. In addition to COPA hostings its People's Academy at the facility, it is hosting its upcoming New Hire Academy there as well.

## *CPD Recruit / Promotional Classes*

During various opportunities in the first quarter, Chief Administrator Andrea Kersten and select members of COPA staff visited CPD's training academy to present information about the agency to new CPD recruits and current members who are receiving promotions. This is a unique opportunity for COPA to speak directly to members of CPD about the work of the agency as well as field questions from many of the members. Attendance at these classes is a vital component of the interagency relationship between the departments.

# Community Engagement

COPA's Public Affairs Division is responsible for engaging members of the public through a wide variety of community events or public service opportunities. In Q1 2023, the public affairs team participated in 39 community engagement events. This included engaging over 2,600 Chicagoans across 20 wards, 17 community areas 13 police districts. A full list of community engagement activities is available in *Appendix A*.

While COPA continues its partnership with long-time and trusted community partners such as New Life Centers and Nobel Neighbors, it also began regularly attending CCPSA's monthly meetings to connect with residents. The public affairs team is regularly looking for new opportunities to connect with residents. If you have opportunities for COPA to engage with residents please reach out to [copa-publicaffairs@chicagocopa.org](mailto:copa-publicaffairs@chicagocopa.org).

Highlighted on the next page are some of the diverse community engagement activities COPA completed in the first quarter of 2023.

## Partner Spotlight: The Alliance 98

Last year COPA partnered with The Alliance 98 (TA 98), an organization in the South Lawndale community (Little Village/La Villita) that works with young people ages 16-24 to gain meaningful skills and employment. Through our partnership, COPA has participated in many “kickback” events meant to engage young people in the community.

“We think globally and act locally. We firmly believe that the next generation of leaders will emerge from everywhere. Therefore, we must empower promising young adults from all backgrounds with the skills, confidence, experiences, and networks necessary to transition to sustaining livable employment, which leads to meaningful careers and long-term fulfillment. Regardless of zip code, we aim to provide overlooked young adults with the support necessary to thrive in any industry.” – David Rojas, Founder – The Alliance 98

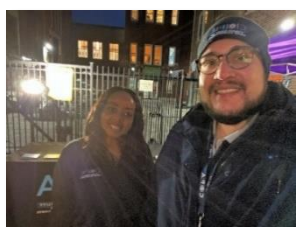

COPA participated in a youth “kickback” at Piotrowski Park on January 6 and looks forward to partnering at 11 youth-led community events this summer that TA98 plans to activate in “hot zones” – communities most impacted by gun violence.

## Women in Action with Rotary Club of Chicago – Six Corners Chapter

On Saturday, March 25, 2023, Chief Administrator Andrea Kersten served as moderator of the Rotary Club of Chicago *Women in Action* event at St. Augustine College in Andersonville. The event sought to highlight the accomplishments of “women in action” including Cook County Commissioner Alma E. Anaya, Judge Diana Lopez and other female leaders in education, tech and real estate. Chief Administrator Kersten was presented with a “Women in Action” certificate of appreciation for her previous contributions to the involved organizations, including the fall 2022 sponsorship of a Thanksgiving event for new arrivals.

## New Life Centers Food Distribution in Humboldt Park

COPA has partnered with New Life Centers during several of their community food distribution events. On February 8, COPA provided a resource table at an event in Humboldt Park that served over 150 people from the community. At the event residents connected with counselors regarding SNAP benefits, received medical screenings provided by RUSH Hospital, and are provided with fresh produce from the Greater Chicago Food Depository.

## News Affairs

COPA’s News Affairs Division is responsible for briefing local and national news outlets on matters related to officer-involved shootings, high-profile incidents, the release of materials or Final Summary Reports (FSR), and the closing of investigations. Over the last quarter, News Affairs published 12 press releases, 5 related to video and other materials in accordance with the city’s video release policy, and 5 providing updates regarding investigations. For a complete list of press releases published in Q1 2023, please visit [Appendix B](#). The releases can be read in their entirety by visiting [www.chicagocopa.org/press](http://www.chicagocopa.org/press)

## *Engagement via Social Media*

COPA's News Affairs and Public Affairs Divisions engage in a robust social media engagement strategy. Through the efforts of these teams, the agency works with members of the public proactively to provide updates and other necessary outreach functions regarding much of COPA's work. If you are interested in keeping up to date with COPA on social media, follow us on Twitter, Facebook, or LinkedIn [@ChicagoCOPA](#).

## Video Release and Transparency Unit

The Video Release and Transparency Unit (VRTU), which was created in 2022, is responsible for organizing, reviewing, redacting, and releasing materials as stipulated by the City's Video Release Policy and Mayoral Executive Order No. 2021-1, COPA's response to Freedom of Information Act (FOIA) requests and posting Final Summary Reports to COPA's website. These efforts play an imperative role in building public trust in law enforcement through transparency and timeliness, two of COPA's core values. The addition of a dedicated team to handle these important requests also has operational benefits for the agency, as this work was previously shared by COPA's Investigations and Legal team members.

### *Transparency Efforts*

Since the enactment of the City's Video Release Policy in 2016, COPA has released certain evidentiary materials collected during investigations of OIS incidents, or during incidents where a Taser discharge or other use of force in police custody results in death or great bodily harm. Pursuant to the City's Video Release Policy, and subject to legal restrictions, COPA conducted 5 transparency postings in Q1 2023, releasing 107 related materials as permitted by law. This included 43 videos (body-worn, third party, PODs, and in-car camera), 51 audio recordings (Office of Emergency Management & Communications, 911 calls, and gunshot detection system recordings), and 13 reports (Tactical Response, Case Incidents, Arrest, and Investigatory Stop Reports). For a full list of cases for which materials were released in Q1 2023, including releases that have been withheld because of a court order or due to the Juvenile Court Act, see [Appendix C](#) or visit <https://www.chicagocopa.org/data-cases/case-portal>

### *Freedom of Information Act Requests*

In addition to the unit's responsibilities in accordance with the City's Video Release Policy, VRTU is responsible for the timely response to materials requested through FOIA. In Q1 2023, VRTU processed 89 FOIA requests with an average response time of 2 business days. To submit a FOIA request or to learn more about the process, visit: <http://chicago.gov/publicrecords>

### *Executive Order Requests*

On February 5, 2021, the City of Chicago issued an executive order calling for COPA to expand the scope of its transparency efforts to include the release of video evidence directly to those who are subject, or their representative, of an alleged misconduct complaint. Previously, the City's Video Release Policy did not allow for the release of law enforcement video from an incident not covered under the policy. In Q1 2023, COPA fulfilled 13 Executive Order Requests with an average response time of 16 days. COPA also forwarded 7 Executive Order Requests to CPD for fulfillment because the related

investigation fell under their jurisdiction. To make an executive order request, visit: <https://www.chicagocopa.org/contact-copa> and click Video/Materials Request.

## Policy, Research, & Analyses Division

COPA's Policy, Research & Analyses Division (PRAD) has continued to grow in the first quarter of 2023 and saw the addition of a Research Associate to its staff. Beyond this initial hire, the division is currently engaged in the hiring process for several additional positions including Data Scientist (2), Project Manager, and Senior Performance Analyst. PRAD anticipates the unit to be fully staffed by the end of Q3 2023.

In Q1, PRAD focused on continuing to build out its anticipated operations and potential policy review areas to analyze throughout the upcoming year. Through this work, PRAD continues to play an instrumental role in evaluating and enhancing internal policies and identifying and addressing patterns of police misconduct through data analyses and policy recommendations.

### Policy Review

As part of COPA's role in the public safety enterprise, it is empowered to identify and investigate Department patterns and practices that contribute to police misconduct and provide recommendations to CPD regarding revisions to its policies, practices, programs, and training in order to address such patterns and practices. In Q1, PRAD provided feedback on policies as specifically requested by the Department. However, PRAD continually seeks out opportunities to initiate its own investigations into patterns and practices related to police misconduct and suggest solutions to CPD. It is ultimately up to the Department to determine how it will implement COPA's feedback/suggestions, but CPD must respond to recommendations from the Chief Administrator and, at the request of at least three aldermen, may be called to explain and respond to questions concerning their response to COPA recommendations.

PRAD reviewed and provided feedback about the following Chicago Police Department policies in Q1 2023:

- Search Warrant Directive
- Use of Social Media Directive
- Prohibition on Association with Criminal Organizations
- 2024 Training Plan

In addition to the policies reviewed in this past quarter, PRAD is continuing an ongoing analysis focused on identifying trends and patterns of misconduct throughout select Department units. This study will help PRAD identify potential areas of emphasis for future research and analysis projects.

### Public Outreach and Engagement

PRAD plays a pivotal role in understanding how the agency interacts with members of the public and how our investigatory processes are perceived by members of the public. To further understand and quantify COPA's engagement with complainants and other members of the public, the agency has taken several steps in the first quarter of 2023 to build out survey capabilities targeted at select audiences. This includes a new partnership with an outside firm supporting the design and implementation of a survey that engages complainants during the intake, mid-investigation, and completed investigation

phases. This survey asks about participants’ experiences and expectations in order to enhance ongoing operations and staff training.

## Technology and Analytics

With quantitative analytics and a data-driven approach at the core of PRAD’s work, the division has taken many steps in Q1 2023 to enhance the ways it not only analyzes data but the ways its data is shared with the public. To aid in this process, the division has acquired analysis software designed to help collect, manage and analyze documents, notes, research papers, interview transcripts, focus groups and more. COPA is also actively trialing various platforms to increase the agency’s access to applicable academic research articles.

PRAD has begun working with the Information Systems Division on creating a standalone page on COPA’s website that will house all PRAD-related materials. Currently, much of the materials PRAD publishes are housed throughout various related sections on COPA’s website. It is anticipated this page will be launched by mid-2023.

# Information Systems

COPA’s Information Systems Division is responsible for ensuring the agency’s systems and technical functions remain operational. In addition to serving this important technical function, the division also maintains a team of Information Analysts dedicated to promoting the agency’s data and analytical needs.

In the first quarter of 2023, the Information Systems Division completed the full migration of all COPA cases from the agency’s legacy case management system into the city’s newer case management system which has been in use since 2019. By organizing all cases in one centralized management system, COPA has access to more informed data sets and tracking metrics, which play a vital role in advancing COPA’s mission of enhanced transparency and increased accountability.

# Budget and Personnel

## Staffing

In Q1 2023, COPA onboarded two new employees broken down by the following positions:

- Research Analyst (1)
- Senior Public Information Officer (1)

SPACE INTENTIONALLY LEFT BLANK

# Training and Professional Development

In pursuit of COPA's Consent Decree compliance and its commitment to training a well-educated and professional workforce, the agency conducts numerous trainings throughout the year. Led by the agency's Training and Professional Development Division (TPDD), these pieces of training cover a diverse range of important topics and can be delivered *ad hoc*, as a refresher, as part of new-hire orientation, or however else needed. In Q1 2023, TPDD delivered 13.5 training hours of material to members of COPA staff.

## *Consent Decree In-Service*

In Q1 2023, TPDD delivered one Consent Decree topic for In-Service Training (one hour).

- **Complaint Register:** This training provided COPA staff with an understanding of the requirements for affidavits, affidavit overrides and certifications. 79 investigative staff attended this training.<sup>2</sup>

## *Non-Consent Decree Training*

In Q1 2023, TPDD delivered 12.5 hours of Non-Consent Decree content throughout six sessions.

- **Lexis Training:** This training provided an overview of Lexis tools used to conduct legal research and search for public records. 13 COPA staff attended this session.
- **FSR and Style Guide:** This training provided an overview of the updated Final Summary Report template and Style Guide. 85 investigative staff attended this training.
- **Consent Decree Faculty Orientation:** This session provided new faculty with the tools needed to develop and deliver Consent Decree content. 10 COPA staff attended this training.
- **COPA All-Staff Meeting:** This all-staff meeting featured presentations from NAMI, the Mayor's Office of Disabilities (MOPD), and Pilsen Arts and Community House. The theme for this meeting was *Advancing Our Culture* and took place at the National Museum of Mexican Art. 102 COPA staff attended this meeting.
- **Oversight Investigator Forum:** This forum provided investigators from around the country the opportunity to meet and network with professional colleagues. 6 COPA staff attended.
- **Systems Analysis Program (SAP):** This training provided instruction on how to utilize the SAP program. 1 COPA staff member attended this training.

# Published Cases

In line with COPA's commitment to transparency and to better inform the public about the timeline of police misconduct investigations, the agency highlights select summaries of published cases in these reports. COPA strives to complete investigations in a timely manner, and once an investigation is concluded, COPA issues findings and/or recommendations

for discipline to the Superintendent of Police. COPA's ordinance requires the Superintendent to respond within 60 days, though the Superintendent may request to extend the review period for up to 30 additional days, for a total review period not to exceed 90 days. The Superintendent's response to any COPA recommendations of discipline or other remedial action, if applicable, will determine the extent of the additional review processes that follow. These review processes may include but are not limited to, review by the City of Chicago Department of Law, hearing before the Chicago Police Board, grievance filings, and arbitration.

COPA will post its Final Summary Report (FSR), which will include COPA's analysis of the evidence and investigative findings and recommendations, on its website upon the conclusion of the Superintendent's review or, if applicable, following service of disciplinary charges by the Department of Law on any involved officer.

### **Motor Vehicle Incident – May 17, 2019**

On May 17, 2019, Chicago Police Officers Marquita Sanders and Courtney Armstrong observed a motorist using a cell phone while driving. The officers activated their emergency equipment and attempted to initiate a traffic stop. After the motorist briefly pulled over, they fled and officers gave chase. Moments later, the motorist collided with another vehicle. After the accident occurred, it was determined that both officers remained in their vehicle for approximately 48 seconds before exiting and approaching. In this time, citizens who also witnessed the crash had pulled an injured occupant out of the vehicle, possibly causing them more harm. This occupant would later succumb to their injuries.

After investigating the incident, COPA sustained a series of allegations against both officers. These charges included but were not limited to, failure to render aid, failure to secure a scene, and a series of allegations surrounding the initial traffic stop and the subsequent pursuit.

The full FSR can be found at: [https://www.chicagocopa.org/wp-content/uploads/2019/07/2019-0001703\\_FSR.pdf](https://www.chicagocopa.org/wp-content/uploads/2019/07/2019-0001703_FSR.pdf)

### **Officer-Involved Shooting – August 31, 2020**

On August 31, 2020, Officers Matthew Krzeptowski and Zachary Kuta were on duty in an unmarked squad car when they responded to a call of suspicious persons. The call was subsequently reclassified as a gang disturbance and a person with a gun. As officers neared the location, they witnessed a group of males who Officer Kuta knew to be gang members. Officer Kuta witnessed an individual who was standing alone, separate from the group. Shortly thereafter, both officers observed a muzzle flash from the direction of the individual who was separate from the main group and Officer Krzeptowski specifically saw the aforementioned individual fire a gun at them. As the officers stopped their squad car, the front of their vehicle was struck by gunfire. Officer Krzeptowski returned fire in the direction of the shooter, who was struck in the back of the head. This shot would be fatal. Police recovered a weapon in a vehicle near the scene.

After a review of all available evidence, COPA found Officer Krzeptowski's use of force to be within Department policy. However, COPA found that both Officers Krzeptowski and Kuta violated body-worn camera policy and that Officer Krzeptowski did not load his firearm correctly. As a result of these sustained allegations, COPA recommended both officers be served with written reprimands.

The full FSR can be found at: <https://www.chicagocopa.org/case/2020-0004103/>

# Investigative Data

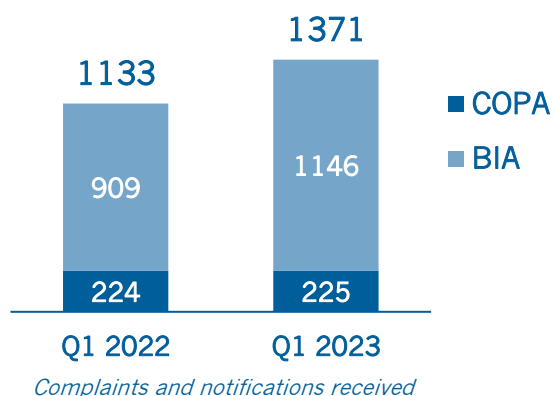

## Methodology

To fulfill the requirements of COPA's enabling ordinance (MCC § 2-78-150), the agency queried relevant databases in which complaint and operational data are recorded to retrieve the information analyzed for this report covering the period from January 1, 2023, through March 31, 2023. The data contained in this report represents the most accurate information available at the time of publication. Moreover, the information stored in the database is dynamic and can change as an investigation progresses. For example, an allegation category may change as an investigation uncovers additional evidence, or a case previously concluded may be reopened. Thus, the numbers reported here are subject to future revision, and historical comparative data presented may vary slightly from previous reports. Data herein is presented in an order similar to COPA's investigative process: intake, pending investigations, and concluded investigations.

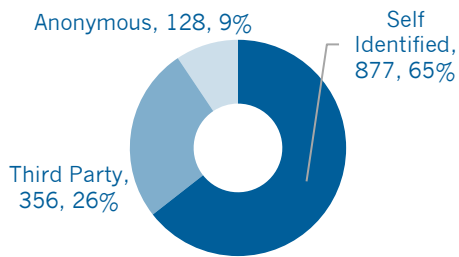

## Intake

It is important to note that COPA can only report on the complaints and notifications it receives—it cannot account for individuals who have or believed they have, experienced Department member misconduct, but have not filed a complaint or the conduct did not generate a notification to COPA. Therefore, with respect to COPA's intake, all numbers represent the number of reported complaints and notifications of actual or perceived misconduct. COPA's intake process documents the number of complaints received but there may be multiple allegations of misconduct, potentially involving multiple Department members, contained in a single complaint.

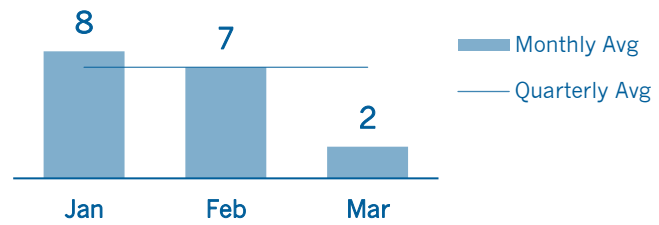

In Q1 of 2023, COPA received 1,371 complaints and notifications. An increase of 21 percent compared to the first quarter of 2022. Of the total intake in Q1 of 2023, 1,146 fell outside of COPA's investigative jurisdiction and were referred to the Bureau of Internal Affairs (BIA). The complaints referred to BIA included criminal conduct, operational violations not involving civilian contact, or other less serious complaints not otherwise within the jurisdiction of COPA.

In the first quarter of 2023, about two-thirds of complaints under COPA jurisdiction were reported by a self-identified complainant (877), a little over a quarter were reported by a third party (356), and the rest were anonymous (128). Moreover, the average time from receipt of a complaint to the next or initial contact with the complainant or representative was 7 days.

## Location of Incidents by District

During Q1 2023, Districts 18 (Near North), 5 (Calumet), and 6 (Gresham) were among the districts with the highest number of incidents that resulted in complaints and notifications under COPA's jurisdiction. The table and map below display the geographic distribution of intake under COPA's jurisdiction.

Police District	Q1 2022	Q1 2023
1st - Central	12	8
2nd - Wentworth	12	8
3rd - Grand Crossing	4	7

### Complainant Demographic Information<sup>3</sup>

The following figures are based on demographic information provided by self-identified complainants or subjects of police-involved incidents in which COPA is notified by the Department. In Q1 2023, more than half of the complainants or subjects were male (53 percent) and most of the complainants or subjects were between the ages of 20 and 39 years old (44 percent).

## Allegations by Category

A single complaint may contain multiple allegations against one or more Department members. In Q1 2023, COPA recorded 687 allegations against Department members. The most common allegations involved Fourth Amendment violations (i.e., improper search or seizure of either individuals or property), making up 43 percent of all allegations, followed by operational violations, making up 32 percent of all allegations. These categories have consistently constituted COPA's largest percentage of allegations on a yearly basis.

## Officer-Involved Shootings

The figures shown in this section exclude firearm discharges related to animal shootings, accidental discharges, and officer suicides. In Q1 2023, COPA received 8 notifications of an officer-involved shooting (OIS): 4 were no hits, 3 involved non-fatal injuries, and 1 involved a fatality. This is a 50 percent increase from the first quarter of 2022.

During Q1 2023, COPA concluded 17 OIS cases.

## Pending Investigations

At the end of Q1 2023, COPA had 1,555 pending cases under investigation.

The 1,555 pending investigations encompass a total of 6,593 allegations. Of these, 40 percent concern allegations of improper search or seizure (Fourth Amendment violations). Another 16 percent concern allegations of excessive force. Together they make up 56 percent of the total allegations that remained under investigation at the end of Q1 2023.

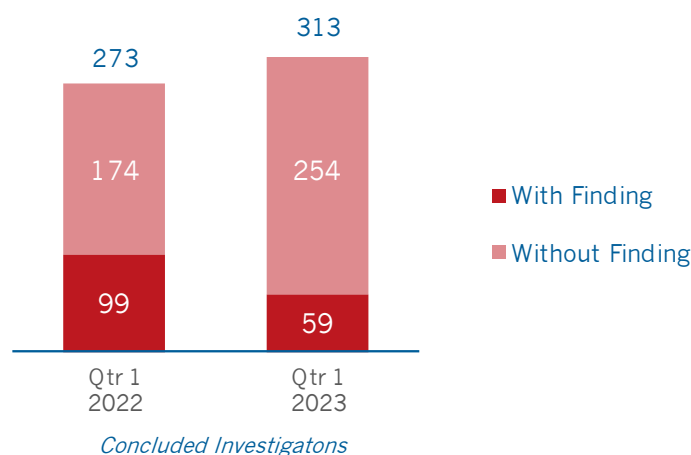

The table below depicts allegation types that remain under investigation in Q1 2023.

## Concluded Investigations

In Q1 2023, COPA concluded a total of 313 investigations, a 15 percent increase from the same quarter of 2022. Of these investigations, 59 were concluded with findings and 254 were concluded without findings

### Investigations Concluded with Findings

A “finding” is determined when after a fair, thorough, and independent investigation, sufficient proof is obtained to warrant a determination of one of the four categories shown in the box, entitled Finding Types. As will be discussed below, several factors may contribute to an investigation being concluded without reaching a finding.

COPA makes investigative findings of Sustained and Not Sustained based on the “Preponderance of Evidence” standard in which the evidence must show it is “more likely than not” that the incident did or did not occur as alleged. However, in accordance with the March 1, 2019 Consent Decree, findings of Unfounded and Exonerated must be supported by “Clear and Convincing” evidence. Clear and Convincing evidence is a higher standard than Preponderance of Evidence, but less than “Beyond a Reasonable Doubt.”

#### Finding Types

**Sustained:** The allegation was supported by sufficient evidence (“Preponderance”) to justify disciplinary action. Recommendations of disciplinary action may range from Violation Noted, to Suspension, to Separation from the Department.

**Not Sustained:** The allegation is not supported by sufficient evidence (“Preponderance”) to prove or disprove the allegation.

**Unfounded:** The allegation was not supported based on facts revealed through investigation, or the reported incident did not occur, as shown by “Clear and Convincing Evidence.”

**Exonerated:** The incident occurred, but the action taken by the officer was lawful and proper, as shown by “Clear and Convincing Evidence.”

In Q1 2023, COPA concluded 59 cases and issued findings on 323 allegations of misconduct. Of the total, closed cases with findings, 38 or 64 percent were Sustained. Of the total allegations with findings, 140 or 43 percent were Sustained.

## Recommended Discipline

At the end of an investigation in which COPA sustains one or more allegations, the agency recommends discipline of the accused member to the Department. However, it is ultimately up to the Department and/or the Chicago Police Board to come to a final decision regarding discipline. In Q1 2023, COPA recommended 140 disciplinary charges on sustained allegations of misconduct.

Non-Disciplinary Outcome	1	7
Disciplinary Charges	246	133
Total	247	140

*Number of sustained allegations*

In Q1 2023, COPA recommended disciplinary charges to 57 Department members with sustained allegations of misconduct. Of those, COPA recommended 12 members for Separation and 37 members for Suspension.

## Police Board Review Decision

The Chicago Police Board is tasked with deciding disciplinary cases when the Superintendent of Police files charges to discharge a sworn officer from the Department and rules on disagreements between the COPA Chief Administrator and the Superintendent of Police. During instances of disagreement between the COPA Chief Administrator and the Superintendent of Police, a single Police Board Member decides if the Superintendent of Police met the burden to overcome the Chief Administrator's recommendation. If the Superintendent does not meet this burden, the Chief Administrator's recommendation shall be deemed accepted by the Superintendent; if the recommendation is to discharge the officer from the Department, a case is to be filed for hearing and consideration by the full Police Board. If the Superintendent meets this burden, the Superintendent's response shall be implemented. In Q1 2023, the Police Board decided 2 COPA-investigated discharge cases and 1 disagreement case.

## Length of Investigation

COPA strives to conclude its investigations within six months of receiving a complaint of misconduct or a notification from the Department of a police-involved incident for investigation. Pursuant to municipal ordinance, MCC § 2-78-135, when COPA is unable to conclude its investigation within six months, notice to the complainant and any Department member who is the subject of the investigation, must be provided and include the general reasons for a delay. Some investigations, such as OIS incidents and incidents involving excessive force, may conclude beyond the six-month timeframe as they are, by nature, more complex, often involve multiple parties, and require an intricate analysis of collected evidence.

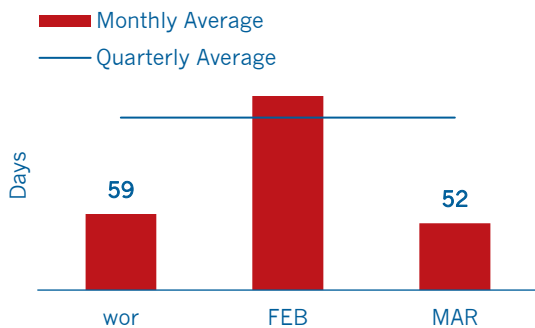

Of the 350 concluded investigations during Q1 2023, 46 percent, or 162 were completed within 6 months and 10 percent, or 36 were completed in 6-12 months. Overall, 56 percent of closed cases were concluded in less than one year.

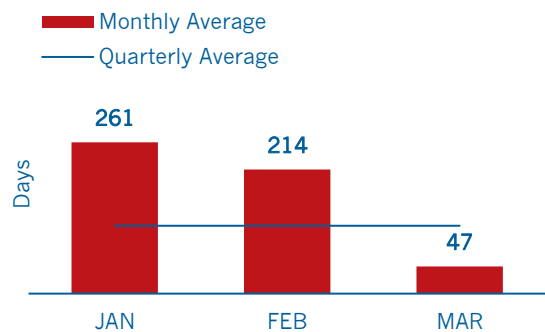

Length of investigations of closed cases by year and aging period

### Length of Post Investigation

Once COPA completes its investigation of a case and issues findings and recommended disciplines, the case may go through additional steps (i.e., Superintendent review, grievance process, arbitration, and/or Police Board hearing) before it reaches a final disposition. During Q1 2023, the average time from the investigative findings and recommendations to a final disciplinary decision is 134 days. Additionally, the average time from the investigative findings and recommendations to a final disposition is 117 days.

# Additional Data Reporting

## Complaints per Member

Per COPA’s ordinance, the agency must report on the number of total complaints (COPA and BIA investigations combined) filed against each member in each district during the quarterly or annual reporting period. In the table below, the first column displays the name of each police district in which at least one member has been the subject of a complaint. The header row displays the number of complaints. So, the first line would be understood as: “Of members assigned to 1st District, 9 members each have one complaint, and 7 members each have two complaints.”

## Final Summary Reports

Pursuant to Chicago Ordinance MCC § 2-78-145, all final summary reports of investigation created by COPA shall be posted to its website and open to public inspection, except to the extent the information contained therein is exempted from disclosure under the Illinois Freedom of Information Act, collective bargaining agreement, or any other applicable law. In Q1 2023, COPA posted over 300 final summary reports. To view the final summary report, please visit <https://www.chicagocopa.org/case/>

## Referrals

COPA may partially or fully refer a matter to another agency for a variety of reasons. For example, if COPA determines in the course of a preliminary investigation that the accused officer is a member of a police department other than the Chicago Police Department, COPA fully refers the matter to the department the accused is a member of. A partial referral occurs when COPA retains its administrative investigation, but shares certain information with another agency, for instance, when COPA's investigation reveals potential criminal violations. In accordance with COPA's ordinance, COPA may also refer complaints to the City of Chicago Office of Inspector General. In Q1 2023, COPA referred 15 cases to other agencies/departments.
