I so thank Pete for that elitist, smug intellectually superior, hypocritical attitude that he has.

You near a mirror? Look in the mirror. You are the reason why people that had voted for Obama, switched their vote this time and voted for Trump. Not just Whitey. But Hispanics and Blacks saw right through those false narratives and that "intellectual superiority" that you think that you possess and the Trump voters said, in their best Clint Eastwood voice, "Let's Make America Great Again!"

I wish Chicago was a 3rd world country like Indiana is. Chicago doesnt even rate as a 3rd world shitty city because of elected DemoKKKRats like you. For eight years you have destroyed black communities with your failed liberal programs. Lowest education standards, poverty, out of control crime, and unemployment. Let's not forget that CHA High rises were proof of the misery you Democrats caused. Equal to the ghettos that Stalin built.

How ignorant Socialist trailer trash like you talk about the state of Indiana.

Thank God President Trump woke up this country to keep Socialists like you from D.C. Keep stereotyping with your left wing Socialist comments and

If Beyonce hates police officers, according to her latest song, then why doesn't she refuse police protection? Can we say, Hypocrite!

 **██████████** They are both hypocrites and big time phonies.
2y

 **Anargyros Kereakes** Tony these white and black entertainers gave millions to BLM and paid for bail for looters in Baltimore and Ferguson. Did they ever think to honor the police officers killed in the line of duty? Or how about the Marines, Soldiers, Airman, or Sailors that have been killed overseas. Or Fireman dying in the line of duty? These white and black entertainers have zero respect
2y

 **██████████** I totally agree with u. I'm not to big on any of these politicians. However i must say I like Ted Cruz because most importantly he's not afraid to profess his faith. And he also

stated that the day he steps foot in office as the President is the day the respect and honor returns to first responders.

2y

Anargyros Kereakes Tony Cole I agree!! This country needs to fix its morale compass!!!!

2y

Yep. Donald Trump? Just to all over the map for me.

2y

Please, if police officers can say they are doing their job when they protect the Klan and White supremacists during a rally, they can do security for high paid performers.

2y

She wants to put on a show at the Super Bowl by talking about how much she hates the police Rodney yet she ask for and gets a special escort to the event. She certainly isn't entitled to any special escort.

2y

1

Anargyros Kereakes True.

2y

That's not what she said. Do I have to post the lyrics? Where in the hell did all these cry baby ass cops come from? When did you guys change? We were the hardest working team of people to ever work in an are as dangerous as Chicago's public housing. We were rarely thanked, and when we were the media and the city made it look like CPD did the shit. It's okay for a cop to kill a kid, or shoot a man in the back, "Let's all stick together and be unified for our brother in blue's bullshit!" but heaven forbit you do your job because it's your job, or accept that loss are a part of saving others from the bad shit that's out there. You guys are nuts. I love you all and I'd still stand beside, or in front of you if you needed me, but yall act like you don't give a fuck about the citizens you serve, ESPECIALLY BLACK PEOPLE! There, I said it. BLACK LIVES MATTER! Shit. Artist are known for expressing themselves.

2y

But I do agree u on your point u made Rodney. Just professional police officers doing their jobs.

2y

1

Anargyros Kereakes [REDACTED] Well said [REDACTED] But unfortunately do Black Lives really Matter to black people? Let's be honest here. West and south side black on black crime cannot be blamed on the white man. Michael Brown was a thug who got shot being a thug. The whole BLM movement was created from a lie. I won't even sip the Kool Aid even if you added a little Grey Goose. PO Darryl Wilson was a hero that did his job. More white people are killed by white cops per capita than black people killed by cops. Then again when you have a media that shows isolated cases what do you expect from superficial artists like Beyoncé and her drug dealing gang banger husband? Give me a break with this BLM organization bullshit. It's going to be a long hot summer let's see how many BLM activist will be on the south and west side doing citizens patrol at night. Sorry bro I can't drink the Kool Aid. Fuck Beyoncé, NFL, Black Lies Matter, Black Panther, KKK and JZ. To me their bunch of punks and clowns. SWAG.

2y · Edited

[REDACTED] I take issue with the Black Lives Matter movement cuz it's misguided. Here u have black people killing other black people at an alarming rate yet this movement says little or nothing about it. How about coming with mass protests like they do when they protest a police shooting? We know there's a history of racism where these young boys are turning on themselves because of that racism. It's called self hatred. However at what point do black folks band together and look out for each other instead of depending on others to take up our plight? do we not realize the economic power we have as a people? Well we do. We're the biggest consumers yet produce very little. we're too busy making others rich. So lets stop looking for the convenient excuse and start to ourselves to take care of each other. If we don't we'll continue to see the mass incarceration, economic blight and more lost generations in the future.

2y

Anargyros Kereakes [REDACTED] every time I read your words I gain strength in knowing our bond in blue can never be broken. Not for any punk ass entertainers or fucked up organization like NFL, KKK, Black Panthers, Black Lives Matter or crooked politicians. Yes we are our brothers keeper. Lots of love and prayers Tony. It's going to be a long hot summer.

2y

 [REDACTED] Yep. I fear what's ahead. I think there are going to be a record amount of murders.

2y

 **Anargyros Kereakes** [REDACTED] Let's meet up and just start our own movement. We are ten times the role models that the NFL, BLM, Black Panthers, KKK, Terinteno ever could be. We are the ones that are on the front lines.

2y

 **Anargyros Kereakes** Why am I not surprised that [REDACTED] and [REDACTED] would support Beyonce's half time show?

2y

 [REDACTED] NO.....I never supported it In fact I encouraged everyone to avoid the entire Superbowl. I did exactly that!! I posted accordingly. I thought it was a little hypocritical to bitch about boycotting the half time show....and then tuning in for the game. I believe my exact quote had something to do with putting...principle over entertainment. My point today was a very simple one.....there is a lot of shti I do not agree with and it still remains my job to deal with it.....I thought the picture above would make that point clear. Unfortunately the ONLY thing you can do is somehow twist this into some kind of support for Beyonce. If youi cannot look at the above picture and the the point I am making you clearly do not get it....I would think as a cop and more important as a supervisor you would understand that there are aspects of this job we do not like and even then we still have a job to do. I could not help that the picture makes precisely that point!!!! If you cannot understand that you have no business in this job!!!!

2y

 [REDACTED]...now that is typical Republican....attack with some outrageous unsubstantiated statement and then disappear into silence when a couple of easily verified facts pop up

2y

 **Anargyros Kereakes** [REDACTED] You are right you didn't support Beyoncé show. The fact remains you're liberal anti police presidential candidates and president make statements concerning our profession based on a sensationalize race baiting media that is inaccurate. Hillary Bernie and Obama's rush to judgement without fact support fear mongering that the police are against minorities. Then again the black communities keeps drinking the liberal kool aid and that's why the oppression and violence continues.

2y

██████████ AK,..I am not anti cop. I'm not a conservative, but I am not anti police. If there was a performer, or person who said untrue, or unfair things about cops, or the job of policing, I'd set them straight. Somewhere, Cops got the idea that no one could judge, or correct them. Being pro Black is not the opposite of being Pro Police. You can love cops and believe that Black lives matter. I do.

2y

██████████ ██████████ do u not know that some of your biggest liberals are some of your worst racists? So much for liberal accepting Hollywood huh? Not one person of color nominated. What does that tell u about liberalism? Hillary Clinton? Please. Give me a break. She cares about thing and one thing only. Getting her ass in that White House and doing the bidding of her earthly father.

2y

Anargyros Kereakes ██████████ with all the black police officers, fireman scientist, civil right activist, Medal of Honor heroes that the black community had did she really feel the need to celebrate the Black Panthers? They killed black cops and black people!! Come on bro. I've really been reading about the brilliant minds and contributions that the African Americans made to the world. HONOR THEM!!! Exalt the rich history and achievements of heroes who have contributed so much that I will be the first one to admit that white history has not honored or given credit to the brilliant achievements and accomplishments of blacks. I watched the movie, "Something the Lord Made". I was pissed that Dr Vivien Thomas did not get the credit he so deserved. In my opinion the half time show could have reached 100 million people with real heroes of the black community so the young of white and blacks generations could see what true role models are.

2y

██████████ I believe he did send Biden once to a New York cops funeral. Rare I might add.

2y

Anargyros Kereakes 26 years ago we sat in that class together. Can you believe it's been that long? I so miss you're drawings. They were the best!!!! I never laughed so hard. Where did the years go my brother? Remember how long we waited for our stars? I agree with you ██████████ 100 percent about what you wrote about how we were cops together. Yes we made mistakes. Any cop that says he or she didn't is a liar. Black cops white cops all have served their own self serving agenda and tarnished the badge and betrayed the oath we took. You are right to say a police officers peace cannot be breached. Then again my brother as well as you know we are not robots. If we were we couldn't have compassion or empathy. The media will play over and over the LaQuan McDonald case but how many times this week did the media talk about eight police officer killed in nine days? There is no perfect police department. Chicago being the prime example of that. But one thing I have seen in the past 25 years we as a profession will still answer the call and make the ultimate sacrifice for our communities. I'm all for dirty cops going to jail. But I'm also for the good cops not to be placed in the same category. Please look into the hate speech that Black Panthers are making today about killing white people. Look into how many black police officers and black people were killed by the Black Panthers. My opinion is an artist like Beyoncé could have chosen so many other heroic African Americans to honor. Go to my home page and see how many African American heroes that died for this country serving with honor and distinction could have been honored in front of 100 million people. Especially since they have not been acknowledged properly because of a racist history. I agree 100 percent that blacks should NEVER forget atrocities this country did to your ancestors. NEVER!! In my humble opinion the best way to honor the sacrifices and show the strength and brilliance of blacks is to show off you're heroes that changed this world . Keep in mind we shared a squad car together and we would have had no problem laying out lives down for each other because we shared the bond of being brothers in arms. Do you honestly think that BLM, Black Panthers, Terentino, Beyoncé can ever understand how two police officers one black one white get into a squad car and are willing to lay down their lives for each other? If tomorrow you called for an assist after not seeing you for twenty years do you think I would hesitate and not bleed for you? That my brother is what these superficial BS groups that claim they care about black people will never understand. These North Shore, Naperville, Oak Brook jumping

on the band wagon of bashing cops and protesting with BLM about how much they care about these black ghettoes. Bull Shit!!! Put section 8 on their blocks and let's see how fast their lawyer daddy is protesting. I never see them at the Boys and Girls clubs? I never seen them patrolling the west or south side. You have to give props to the Jehova witness and Mormons. You couldn't get rid of their asses.

2y · Edited

Got nothing but love for my brother. However I must speak out and tell the truth no matter whether people feel more comfortable believing a lie.

2y

Anargyros Kereakes That's what kills me. That was a clean shoot!!! How about the African American witnesses that came forward under threat and told the truth regarding the shooting. They are the heroes that the media and the black community should be exalting. They told the truth based on the truth. They didn't care if it was a white cop and black offender. The truth!!!

2y

Yep. I honestly believe that the majority of law abiding black citizens hold no anomosity towards law enforcement.

2y

They should send that POS a bill for services rendered.

2y

Next time tell them fuck off

Can someone please draw attention to the black on black murders that occur every hour across the United States especially in the President's hometown, Chicago? Furthermore, why doesn't the "Black Lives Matter" movement target the black murderers and bring attention to the black victims? Am I living in the twilight zone? Did this President address the police chiefs across America and defend a movement that promotes hatred against police officers of every color? Thank God, the only color I see when I get in a squad car is my brothers and sisters in blue. Society wake up. There's a very thin line that protects you from predators and savages in your communities. Mr President, those men and women in blue don't need your thanks, how about speaking the truth about the Black on Black murders in the African American community especially two to three blocks from your home in Chiraq, I mean Chicago. I've been a cop for close to 25 years and I've never seen a regime treat law enforcement and its military with such disdain and disrespect. May God help us.

Speaking to police, Obama defends 'Black Lives Matter' movement

"The African-American community is not just making this up," President Obama told police chiefs.

██████████ BLACK ON BLACK CRIME HAS BEEN GOING ON LONG BEFORE PRESIDENT OBAMA.I GROWN UP ON THE SOUTH SIDE OF CHICAGO WHERE THERE WERE GANGS, BLACK ON BLACK CRIME AND SOME WHITE COPS WOULD MISUSE AND ABUSE THIER POWERS...THINGS HAVEN'T CHANGED...I HAVE SEEN THESE THING THEN I SEEN THEM WHEN I WORKED FOR CHA AND ISEE THEM NOW...I DON'T AGREE WITH ALL THE BACK LIFES MATTER ISSUES BUT THEY DO BRING SOME IMPORTANT THINGS TO LIGHT. YOU ARE A VERY GOOD FRIEND ENJOY WORKING WITH YOU. ...WISH YOU CAN SEE THINGS THROUGH MY EYES IT MAY YOU ON YOU DECISION.BE SAFE MY BROTHER. .

2y

Anargyros Kereakes Yes some white cops have misused their powers. Then again let's also point out the black cops who have also misused their powers. Let's stop making it a white and black issue and deal with the facts. You will always be my brother.

2y

██████████ YES SORRY ABOUT THAT BLACK COPS TOO.. SOME EVEN MORE SO..UNFORTUNATELY IT IS A BLACK AND WHITE MATTER... I EXPECT THIS STUPID SHIT FROM THE GANGS. BUT POLICE ARE LOOKED AT A HIGHER STANDARD. ...SOME OF THESE INCIDENTS BOTH PARTYS WERE WRONG AND A FEW WAS JUST MURDER. ...THERE HAVE ALWAYS BEEN BLACK AGAINST WHITE, ...WHITE AGAINST BLACK. BUT THEY'RE PEOPLE LIKE YOU AND ME THAT CAN HELP BRIDGE THE GAP. .

2y

Anargyros Kereakes Agreed!!! You and I patrolled some of the worst streets in Chicago over 25 years ago. It was a different atmosphere. Today the gangs and thugs are made the victims. 99 percent of the time law enforcement does it right. But Michael Brown is a gentle giant? Come on. Let's tell the truth. You and I had a brotherhood based on mutual trust, respect and brothers in arms.

 **Anargyros Kereakes** Dave let me give you a piece of advice. No matter what cops do they will always be wrong. It's easy for people to judge us on Monday morning while drinking their Latte and they have become use of force experts. Let's look at the fine upstanding thug Michael Brown who attempted to disarm police officer Wilson. People don't care about facts just opinions their own opinions. The citizens of Ferguson should apologize to PO Wilson and offer him his job back. He did nothing wrong except trying to apprehend the thug Michael Brown for a strong arm robbery. The real heroes are the black eye witnesses who told the truth about what they saw when the offender Michael Brown attacked PO Wilson and tried to disarm him. So Dave don't argue with people who do not believe in facts. Its like talking to a concrete wall.

 **Anargyros Kereakes** - You're wrong. Not everyone thinks that all cops are bad because I know for a fact that they all are not bad. However, people are intelligent enough to recognize and the out of control bad apples. It's a shame that many people stereotype cops. Just know that even people who drink lattes are intelligent enough to recognize brutality. The law says even the bad guys deserve their day in court. Civilians get arrested for meting out street justice so why should cops get a pass. Just telling it like it is. I do support the honest, hard working, and dedicated police officers around the country.

The officer survives, thankfully. I'm glad the officer is alive. But...What is even MORE disturbing is this officer's pre-response. (Ok [Redacted]...calm down.) What is EVEN more REPUGNANT is police departments who don't provide their officers the necessary equipment and training.  **Anargyros Kereakes** Gents, we are the light. We cannot divide amongst each other. We are a brotherhood forged in blood, sweat and tears that stands between evil prevailing. We hold that line. A house divided cannot stand. The Blue Line is OUR House. We are that line. If that line breaks evil and anarchy will win.

Politicians don't affect us on that line. We don't need them. We have each other. Hillary or Trump will not be with us in that dark alley or clearing that abandoned house. Our BLUE house must not collapse. If our house collapses society will collapse.

 **Anargyros Kereakes** I guarantee if the KKK was demonstrating because a Black Chicago cop shot and killed one of their Klansman those Mt Greenwood residents would have reacted the same and then some supporting that Black Chicago Cop.

  Man that's a pure shame, should we as black folks be worried about some type of ignorant revolt towards us! We're is all the hate coming from, I think that a lot of white people just jump on a bandwagon just to make noise!

One thing I have learned is that if people dont want to see it they wont. Some people do not want to see racism and some people don't want to see the problems within the black community. What I dont understand is because I point out a racist area of the city is racist I am all of a sudden against police. Would someone like to explain this to me?

Anargyros Kereakes disagree with the police?

Pointing a gun at a police officer isn't disagreeing. That's just stupid. BLM want to protest what exactly?

Again murders have nothing to do with a whole lot of Mt Greenwood residents being virulent racist.

And a whole lot of students have been attacked in Mt Greenwood. I have given you examples. You just care not to see it.

And I also havent heard of one CHAS student being murdered period.

And we are talking about the guy who got shot being anti police. I am talking about myself. Anytime I state a fact about racism im the area you turn it into some kind of anti police rant.
